

HAD A WARM TIME

HOUSE EXPUNGED SULZER'S
LETTER FROM RECORD.

RENEWES ATTACK ON HEATH

DEFIES THE POLITICIAN TO BE-
GIN AN ACTION.

LETTER PRINTED IN RECORD

THE DAY'S PROCEEDINGS IN
THE SENATE.

Washington, Feb. 12.—The chaplain of the house, in his invocation today, referred to the fact that this was the anniversary of the birthday of Lincoln, the emancipator, and prayed that his life might be an example and inspiration to those now living.

As soon as the journal was read and approved the struggle over the question of expunging from the record the anonymous letter reflecting upon Perry S. Heath, which was read at the instigation of Mr. Sulzer, of New York, during the exciting session of yesterday, was resumed.

The letter appeared in the Record this morning. Mr. Knox, of Massachusetts, called up the alleged infringement of the privileges of the house. He claimed that the matter was before the house in two ways:

First, as an unfinished business; second, as a matter appearing in the Record over which the house had no control.

Mr. Knox said he admitted that a member might upon his own responsibility charge any sort of offense against a man not a member of the house and not be liable to be called to account, yet he contended that when a member introduced a paper the house obtained jurisdiction.

He asked the house to adopt a resolution which he sent to the clerk's desk.

The resolution recited the occurrence of yesterday and directed that the document be stricken from the Record.

HOW BAILEY STOOD.

Mr. Bailey, of Texas, asked Mr. Knox to withdraw the preamble of the resolution.

"I, myself," said he, "intend to vote to strike this anonymous communication from the Record." (Republican applause.)

Mr. Knox consented to strike out the preamble and was about to demand the previous question, but at the request of Mr. Sulzer, yielded five minutes to the New York member.

Mr. Sulzer said he was at a loss to understand the anxiety to protect the character of Perry S. Heath, who was not a member of the house, while his party associates were exulting delightedly in the attack upon his personal character and reputation.

SULZER IMPASSIONED.

"I stand here," he continued, "and say that no man in this house can charge me with any offense whatever or with any misconduct. My life is an open book and when the gentleman from Pennsylvania yesterday attacked me I felt justified in smoking out the culprit who was responsible for the charges. And I did smoke him out." Mr. Sulzer shouted, with arm upraised.

"I had the courage to stand here yesterday and say that I was responsible for every word in that letter. If Mr. Heath thinks there is anything libelous or scandalous in that letter I will not plead my constitutional privilege. I will plead the truth of the statements. This morning a gentleman, a former member of the house, said to me:

"The man who wrote that letter knew Heath like a book; every word in it is true."

WANTS HEATH TO ANSWER.

"I have no objection to striking the letter from the Record, but I serve notice that I am going to say everything in that letter and I want Perry S. Heath to answer. If he does he will be fit for the penitentiary. I want him to understand that I am responsible in damages for what I say. The house has no compunctions of conscience when he attacks me, but when I attack him he squeals like a pig under a gate. I got that letter in the Record. That was what I was after. I am now content to have it stricken out."

Mr. Knox's motion to expunge the letter from the permanent Record was then adopted without division.

Mr. Tawney, of Minnesota, chairman of the special committee on the St. Louis exposition, then tried to get up the exposition bill, but Mr. Cannon, chairman of the appropriations

committee, declined to allow it to come up until the pending appropriation bills were out of the way and accordingly the house went into a committee of the whole and took up the consideration of the army appropriation bill.

It was arranged that the general debate should run for three hours.

Mr. Hull, chairman of the military affairs committee, made a brief explanation. The bill carries \$117,994,649, \$12,355,133 less than the estimates.

IN THE SENATE.

At the beginning of today's session of the senate a joint resolution authorizing the removal of certain letters from the files of the department of the interior and their donation to the state of Iowa was passed.

A bill also was passed appointing a commission, consisting of the president of the Society of the Army of Tennessee, the chairman of the joint committee on library and the secretary of war to select a site in the city of Washington and have designs prepared for a memorial or statue of Gen. U. S. Grant, the cost of which shall not exceed \$250,000.

Other bills were passed as follows:

To establish a fish hatchery and fish station in Utah, to cost \$25,000; authorizing the Indiana, Illinois and Iowa Railroad company to construct and maintain a bridge across the St. Joseph river at St. Joseph, Mich.

The agricultural appropriation bill was called up by Mr. Proctor, chairman of the committee on agriculture. It carries \$4,503,920, the increase proposed by the senate committee being \$158,820.

The reading of the bill in full was demanded by Mr. Sullivan, of Mississippi, Mr. Proctor having objected previously to the consideration of a bill Mr. Sullivan had called up.

AGREE ON SPANISH CLAIMS.

Washington, Feb. 12.—The conferees of the senate and house today reached an agreement upon the bill providing a means for settling the claims of citizens of the United States against Spain as provided for by the Paris treaty of peace.

The house conferees recede from their amendment requiring the court of claims to pass upon such claims and accept the senate provision for a commission.

The membership of the commission is, however, increased from three to five. A provision was inserted making the decisions of the commission final, but giving it authority to grant a rehearing under certain circumstances and also to ask the opinion of the United States supreme court on points of law. The commissioners are to be appointed by the president and confirmed by the senate and the bill requires that they shall be "learned in the law."

The headquarters of the commission will be in Washington, but it is empowered to send a commissioner abroad to take testimony.

BLOODY FIGHT OVER WOMAN

TWO MEN SLAIN IN AN OHIO MINING VILLAGE.

Albert Stitzer Attacked by Two Men Armed With Knives, Shoots Assaultants Dead.

Athens, Ohio, Feb. 12.—In a bloody fight over a woman at Athol, a mining village near here, Albert Stitzer shot and killed Mike Johnkac and Joe Fobien.

Stitzer was badly cut but he will recover. He is under arrest. All are Hungarian miners. Stitzer was attacked with knives. He drew a revolver and killed both his assailants.

AFFECTS CIGARETTE TRADE.

San Juan de Porto Rico, Feb. 12.—The effect of the revenue law is that cigarette orders have decreased. The Porto Rican-American Tobacco company is closing up, discharging 150 employees. It is reported that others will shortly follow its example and shut down, temporarily, until dealers' stocks are consumed. Then they will run at half force. As the demand has permanently lessened the output will probably be smaller, proportionately.

ALARMING REPORT DENIED.

New York, Feb. 12.—A report that Mrs. Thomas C. Platt, who is ill at the Fifth Avenue hotel, was dangerously low and had sunk into a state of coma, was denied by the clerk of the hotel today. "Mrs. Platt passed a very comfortable night," he said, "and her physician said this morning that he believed there was considerable improvement in her condition."

AFTER THE HOUSE

REPUBLICANS USE PRESSURE
AT INDIANAPOLIS.

FORCING THE CHARTER BILLS

WANT BILLS MADE CAUCUS MEASURES.

OPPOSITION IN THE HOUSE

CHARTER BILLS ADVANCED IN THE SENATE.

(Special to The Sentinel.)

Indianapolis, Feb. 12.—A number of prominent republican politicians from Fort Wayne are here today to bring pressure to bear on the legislature to have the Fort Wayne charter bills passed.

The immediate end sought is to have the charter bills made caucus measures in the house as was done by the republicans in the senate. This would insure the passage of the bills. There is no danger in the senate now inasmuch as the caucus rendered the latent opposition among the republicans harmless unless some of them care to bolt the caucus. Some would doubtless like to, but probably will not.

In the house it is different. It is well understood that a number of republican members are not at all in sympathy with the movement to provide Fort Wayne with a metropolitan police board and other radical changes in the present charter as proposed in the bills already introduced.

The Fort Wayne promoters of the measure realize that there is danger in the house and pressure is being exerted to get the bills placed beyond jeopardy by caucus action.

THE BILLS ADVANCED.

In the senate today the Fort Wayne charter bills were advanced and there is at present no known obstacle to their ultimate passage by that body.

The senate passed the Jordan bill providing for railroad consolidation, roads in southern Indiana being the lines whose consolidation will thus be enabled.

There was a hot discussion in the senate over Lincoln day. The democrats attacked the republicans for not adjourning out of respect to the memory of the martyred president.

The house today advanced the bill repealing the Barrett law assessing property improvements according to benefits and damages.

MONDAY'S PROCEEDINGS.

The senate began to grind at 10 o'clock yesterday morning, but the house held no morning session. The house transacted considerable business in the afternoon. Several new bills were introduced and some committee reports were heard. Three anti-trust bills were killed by committees and the house concurred in the reports. There was a minority report in favor of Mr. McCarty's anti-trust bill, but the majority report was adopted. Mr. McCarty defended his bill and was replied to by Mr. Roberts, of the corporations committee.

Mr. James was made happy in the house by the passage of his bill giving Putnam county authority to erect a new court house. This bill was passed under a suspension of rules.

Among the new bills introduced was one by Mr. Kirkman increasing the number of appellate judges. This is a measure prepared by the attorney general. Two important bills were sent up by Mr. Davis, of Wayne. One relates to the appointment of a state board of embalmers and the other to the construction of school houses along sanitary lines. The latter bill was drawn by Secretary Hurty, of the state board of health.

The senate had its usual row, this time the trouble occurring over Senator Brooks' bill providing for legal advertising in cities of between 5,000 and 10,000. Senators Gwin and Brooks had a heated argument over this bill when it was called up for second reading. Senators Inman and Stillwell got into the muck by supporting Senator Gwin.

INSURGENTS SURRENDER.

Manila, Feb. 12.—An insurgent colonel, Simcon Terebon, seven insurgent officers and seventy men, with sixty guns have surrendered unconditionally to Captain Cooles, of the Thirty-fifth regiment, at San Miguel de Mayuno. In a fight at Sibuyan, Batangas, the rebel general Malbas, is reported to have been killed. Six insurgent officers and twenty men were captured. Mariquina is

the scene of an immense peace meeting of the federal party.

HOLDS FRANCHISES TAXABLE.

Lansing, Mich., Feb. 12.—The Michigan supreme court today handed down an opinion affirming the judgment of the Wayne county circuit bench, that franchises received from the city are taxable. The decision was in the case of what is now the Detroit United Railway company, the corporate name of the consolidated street railway systems of the city, against the city assessors of Detroit. Last year the assessors increased the assessment of the railway company from \$2,800,000 to \$3,142,100, on the assumption that its franchises were taxable. The circuit court confirmed the assessors' action and the case was then carried to the supreme court.

WERE BLOODHOUNDS RIGHT?

BROTHER ACCUSES CHRISTIAN GRAFT OF ARSON.

Sensational Confession at Ossian Concerning Recent Burning of a Mill at Echo.

Late in December The Sentinel printed an account of the burning of a tile mill at Echo. It was from the first strongly suspected to have been the work of incendiaries, and in this connection the Bluffton Banner says:

"A telephone message to the Banner from Ossian this afternoon states that that town is greatly excited over the confession of a young man named Carl Graft to the effect that his brother, Christian, set fire to the saw and tile mill owned by two of their brothers and a man named Kreigh, at Echo, December 28th.

"It will be remembered that on the night of the 28th of December the saw and tile mill of Graft Bros. & Kreigh, at Echo, was completely destroyed by fire and that at the time it was suspected that the building had been set on fire. Friday night of last week, so the report from Ossian goes, Carl Graft got intoxicated and made a confession that he and his brother, Christian Graft, were at Williamsport on the night of the fire and that when they drove home they stopped at the mill and that Christian got out of the rig, went to the building and set fire to it. He then wanted his brother to accompany him to the little store owned by Robert Archibold, a half a mile west of the mill, and set fire to that, but this the younger Graft refused to do.

"Christian Graft, who is accused of the arson, lives just opposite the mill which was burned and reports have been current concerning him ever since the fire. On the night when the confession was supposed to have been made Carl is said to have gone to the home of his brother, Christian, and demanded to borrow some articles, but was refused the loan. This angered him and he openly accused his brother of setting fire to the building.

"The motive for Christian Graft's act is supposed to have been a desire for revenge for an imagined wrong he suffered in the division of his father's property, he getting twenty-three acres and his other brothers thirty-three, the difference in the division being that the other two brothers got the land on which the mill is situated. It is also said that Christian has been made the threat that he would be even with his more fortunate brothers even though he lay things in ashes. Shortly after the fire blood hounds were taken to Echo and they persisted in running to the home of Christian Graft, the man now accused by his brother's confession.

"No arrests have been made as yet, but the mill owners are reported as getting everything in readiness to give the case a thorough test."

THE OLYMPIA BAND FAIR.

Good attendance marked the opening of the week at the Olympia band's fair in the Tri-State block last evening. Considerable interest is being manifested in the various contests being carried on, particularly in the contest for the flag. The Clerks' union seems to be in the lead and are keeping their strength pretty well under their hat. The Tippecanoe club entered the lists last night and it is more than probable that the Jeffersonian club will also take a hand. They will all have to step some, though, to beat the clerks, who propose to preserve their reputation as being the most popular organization in the city. The program for the week is printed in another column and will be found interesting.

The Degree of Pocahontas will give an entertainment at their hall Feb. 22, and a feature will be an Indian tableau.

DESTROYED.

WAS FINEST TUMBLER WORKS
IN THE COUNTRY.

MANY MEN RENDERED IDLE

LARGE CHICAGO APARTMENT
HOUSE BURNS.

Pittsburg, Pa., Feb. 12.—Nearly the entire plant of the Rochester Tumbler works of the National Glass company, the largest and finest in the world, located at Rochester, Pa., was destroyed by a fire that started about midnight. The loss will amount to about \$500,000 and is believed to be covered by insurance.

An area of 300 by 1,500 feet was burned over and the greatest departments in the works destroyed.

The fire was discovered in the cooper shop by the watchman and quickly spread to the warehouses, mould rooms, and from there to the main factory. The main factory was a building 300 by 500 feet and contained the pressed-ware department.

In all eight buildings were burned and the only portions of the plant left standing are the punch department and the blown warehouse. An overheated furnace is believed to have started the fire.

The Rochester Tumbler works had a capacity of 85,000 dozen tumblers a week. The plant covered an area of fifteen acres.

When seen today H. C. Frick, president of the National Glass company, said:

"I am at a loss to know what started the fire. Inadequate water pressure retarded the work of the firemen and it was impossible to make any great headway by the firemen. The burned factory contained five furnaces and the upper factory, which was saved, contained two. I cannot say much about the insurance at this time, but I believe we are fully protected. Out of a total of 1,200, 600 men will be rendered idle; temporarily, I hope. Whether we will rebuild or not I cannot say at this time.

"The machinery in the burned factory will be hard to replace and the same cannot be done except at a great cost. It was of the finest make possible, especially to the presses, molds, etc., and was all very valuable.

"There will be no salvage. The fire was confined entirely to the factory and the planing mills property in the vicinity escaped."

The insurance was all placed in Pittsburg and covers the entire loss. After the fire was well under control there was an explosion near the vault containing all the molds and patterns and the falling walls crushed them. It is thought the loss on these will be total.

Myron L. Case said immediate arrangements would be made to fill all orders by placing them in other plants of the National Glass company.

The company, he said, would take care of the employees who were thrown out of work by the fire.

The plant will probably be rebuilt, but nothing definite will be known until the officials meet.

BIG FIRE AT DECATUR, ILL.

Decatur, Ill., Feb. 12.—Fire early today destroyed the wholesale grocery of the Mueller, Platt & Wheeland company. It is thought the loss will amount to nearly \$100,000; insurance unknown.

APARTMENT HOUSE BURNS.

Chicago, Feb. 12.—Fire today destroyed the Everett apartment building, a four-story brick structure at 272 and 274 Forty-second street. Loss on building and contents is estimated at \$60,000; partly insured.

The fire, which started in the basement, shot up the air shaft to the fourth floor, and spread to the second and third floors with such rapidity that many inmates were cut off from escape by the stairways and were rescued by the firemen with considerable difficulty. So far as known, however, no one was injured. Few of the tenants saved any of their household goods.

OPERA HOUSE DESTROYED.

Pittsburg, Feb. 12.—The opera house at McDonald, Pa., was partly destroyed by fire last night.

church fair was in progress in the building at the time and a wild rush was made for the exits. In the panic a number of persons were slightly hurt, but no one seriously.

Young's hardware store, on the first floor, is a complete wreck, and the stock in Benjamin Franklin's clothing store was ruined by water. The loss was about \$20,000.

BUTTONS ARE ORDERED.

W. F. Graeter, of the auditorium committee, who was appointed by Chairman Beers to attend to the matter of purchasing auditorium buttons, yesterday placed an order with the firm of Whitehead & Hoeg, of Newark, N. J., for a large quantity of the buttons. The buttons, which have been described in a previous issue of The Sentinel, will be presented to each person purchasing auditorium stock.

HONOR MEMORY OF LINCOLN

THE DAY OBSERVED IN MANY CITIES OF COUNTRY.

Pupils of Chicago High School Go on

Strike Because Forced to Attend.

Chicago, Feb. 12.—Banks, the board of trade, stock exchange, courts and public institutions were closed today in honor of Lincoln's ninety-second birthday anniversary. The chief event of the day's exercises was the public memorial meeting in the G. A. R. Memorial hall under the auspices of the Grand Army Memorial Hall association. Addresses were made by local speakers. Various G. A. R. posts, as well as other organizations, held commemorative meetings in various parts of the city. Others will be held this evening.

Nearly sixty pupils of the senior grade at the North Division high school, incensed because Principal Westcott would allow no holiday or hold Lincoln day exercises in the school, refused to attend their classes this morning and with a brass band playing popular airs endeavored to get the rest of the students to join them. They were unsuccessful, but obeyed the order of Principal Westcott to leave the grounds.

IN PHILADELPHIA.

Philadelphia, Feb. 12.—The memory of Abraham Lincoln was honored today in this city with appropriate ceremonies.

School children, college students, civic, social and political organizations paid tribute to the American commoner in recognition of the ninety-second anniversary of his birth.

All the big business houses and many private residences throughout the city were appropriately decorated.

In the public schools a formal program was observed, consisting of exercises calculated to acquaint the children with the life of the civil war president.

IN ST. LOUIS.

St. Louis, Feb. 12.—Business was suspended on the Merchants' exchange and the stock exchange in honor of Abraham Lincoln. The cotton exchange, banks and local trust company offices were open as usual.

Special exercises were held in the public schools.

THE STORY IS DENIED.

Harrisburg, Pa., Feb. 12.—A search of all the departments of this commonwealth fails to confirm the story published in Louisville today to the effect that John L. Powers, who is under indictment in connection with the Geobel assassination, is in the employ of the state of Pennsylvania. All the officials who could be seen deny the story.

IN JUSTICES' COURTS.

This morning Henry Schmidt, of Abolt, filed an affidavit against his neighbor, Edward Aker, charging him with cruelty to animals. He also filed an affidavit against the same party for reckless profanity. Constable Bagby was given the warrants and went out to make the arrest today.

In the Grabner trespass cases, in Huser's court, the defendant was found guilty on one charge and the other three were dismissed.

W. E. Pearson, Jr., of Scooba, Miss., has sent Dr. W. W. Barnett a handsome pair of deer antlers as a souvenir of the doctor's recent hunting trip in the south. The animal was started up on the last day of Dr. Barnett's stay there, but was not captured until four days later by the dogs which remained upon the trail.

MILITIA IS READY

TROOPS UNDER ORDERS TO GO TO
CINCINNATI.

TWO REGIMENTS PREPARED

GOVERNOR NASH IS SHOWING
HIS HAND.

A CONFERENCE IS HELD

THE GOVERNOR AND ADJUTANT
GENERAL TALK IT OVER.

Columbus, Ohio, Feb. 12.—Company commanders of the Fourth and Sixth regiments. Ohio national guard, have received, it is stated, secret orders to hold their men in readiness for service in connection with the alleged determination of Governor Nash to prevent the Jeffries-Ruhlman contest, set for Friday night in Cincinnati.

State officials profess to have no knowledge of the issuance of such orders, however.

That the orders have been issued is pretty definitely known and, in view of the fact that the state officials maintain ignorance on the subject it is thought in some quarters that Colonels Potter and Stanbury, commanding the Fourth and Sixth regiments respectively, knowing that Governor Nash had declared his intention to prevent the fight, with troops, if necessary, have anticipated a call to arms and merely prepared for such possible action by notifying their captains to be ready for eventualities.

It is maintained, however, by those conversant with the practice in such cases, that the colonels would not have taken such action on their own initiative.

A CONFERENCE HELD.

Cincinnati, O., Feb. 12.—A Times Star special from Columbus says: Governor Nash was in conference today with Adjutant-General Gieger, and that a telegram was sent to General McMaken at Cleveland, ordering him to adjourn his court martial until Monday. This is taken to mean the adjutant is to relieve the officer so they will be available for use Friday night if necessary. In private conversation today Governor Nash indicated his attitude toward the Jeffries-Ruhlman fight will be determined by Judge Hollister's decision in the suit for injunction.

MARRIED THIS MORNING.

The wedding of William A. Fleming and Miss Cecelia Graffe took place this morning at 9 o'clock at the Cathedral, Rev. John P. Durham performing the ceremony. Miss Sadie Fleming, sister of the groom, and Henry Graffe, the bride's brother, were the attendants. As the couple entered the church the beautiful wedding march from Lohengrin was played and during the ceremony the cathedral choir rendered a special program of appropriate music, the offertory being sung by Mrs. E. H. Kirkland. At the conclusion of the ceremony, which was witnessed by a large number of the friends of the young couple, the bridal party returned to the home of the bride, at 97 Harrison street, where a wedding breakfast was served, the guests being relatives of Mr. and Mrs. Fleming. The bride is a young lady well known in social circles and the groom, who is secretary and treasurer of the Berghoff Brewing company, is a representative young business man.

ANOTHER SMALLPOX CASE.

Another case of sporadic smallpox has been reported by the county board of health. The victim is a young man named Otto Mellin and his home is just outside the city limits near the east yards. The supposition is that he contracted the disease on Oliver street. The Mellin residence has been quarantined and County Health Officer Froegler today wrote Superintendent McKim, of the Pennsylvania road, asking that he issue an order requiring all employees at the east yards and shops to be vaccinated. There are now five cases in the city. Two on Superior street, two on Oliver street, and this new case, neither of which is serious, and all are convalescing except the one reported yesterday.

Phil Keins, who was injured in a fall a few weeks ago, resulting in the fracture of a couple of ribs, is improving and is able to be up and about again, but will be confined to his home for several more weeks.

Mrs. E. P. Green has recovered from an attack of the grip at Canton, N. Y., by the use of Dr. Miles' Nerve and Pills.

Among the victims of the grip epidemic now so prevalent, T. Coyle is now recovering at Canton, O., by the use of Dr. Miles' Nerve and Pills.

W. E. Nihells, of St. Louis, Mo., who was down with grip, is reported much improved. He used Dr. Miles' Nerve and Pills.

The friends of Mrs. L. Denison will be pleased to learn of her recovery from grip at her home in Bay City, Mich., through the use of Dr. Miles' Nerve and Pills.

Everybody says that J. W. Udy is looking splendid since his recovery from the grip at his home in Des Moines, Iowa. They all know that Dr. Miles' Nerve was what cured him.

Presenting Attorney Charles L. DeWitt, who has passed the three-score mile stone, had a time with the grip, but when seen at his home in Roscommon, Mich., the other day, he said Dr. Miles' Nerve was what cured him.

At nearly three score and ten Mrs. Galen Humphrey was fighting against odds when the grip attacked her, but she took Dr. Miles' Nerve and now her neighbors in Wareham, Mass., remark on how well she is looking.

After an illness of five weeks from the grip, Mrs. Harriett Jackson is again about and looking fine. She began taking Dr. Miles' Nerve after the fourth week. Her home is in Bowling Green, Mo.

COMPANY FORMED

NEW WHOLESALE CONCERN FOR FORT WAYNE.

FORT WAYNE IRON STORE CO.

TO OCCUPY OLD PRESBYTERIAN CHURCH BUILDING.

WILL REACH NEW TRADE AREA

NOT REGULARLY COVERED BY MOSSMAN, YARNELLE & CO.

Within a few days articles of incorporation of the Fort Wayne Iron Store company will be filed, and the new organization will be an important addition to commercial circles in Fort Wayne. It will do an exclusively wholesale business in iron, heavy hardware and wood supplies for the building of vehicles, and will occupy the building of the old Third Presbyterian church at Calhoun and Holman streets, which was purchased last fall by Mossman, Yarnelle & Co.

The members of that well-known firm are the leading spirits of the new organization, and associated with them in the new enterprise will be three of their old and trusted employees. These are W. A. Diffenderfer, who has been chief accountant of the firm for the past fifteen years, and Henry J. Miller and B. H. Schele, who have for a number of years been traveling salesmen for Mossman, Yarnelle & Co.

TO REACH NEW AREA.

The line of goods carried will be identical with that of the old firm, and the new organization is made necessary by the growth of the detail of business with the old firm. There has been a gradual and increasing demand from a wide area of territory which is not regularly traveled by the six salesmen of Mossman, Yarnelle & Co., and the new concern was formed in preference to establishing a new department of the old firm to handle this outside business. It at the same time afforded Mossman, Yarnelle & Co. an opportunity to gracefully and substantially show their appreciation of the efforts of several of their old employees. The associated partners in the new concern will, however, retain their positions with the old firm, and the business of the new company will be transacted by catalogue and mail order methods. It will not for the present, at least, put salesmen upon the road.

FITTING UP BUILDING.

For some weeks a force of workmen have been engaged in transforming the old Third church building to meet the requirements of the business, and several carloads of stock are already stored there. A handsome suite of offices is being fitted up, and Mr. Bodey, an experienced iron man who comes from Reading, Pa., will be installed as manager, though the officers of the company will devote some attention to a supervision of the business. It is expected the business will be inaugurated about March 1, and Mr. Yarnelle stated this morning that there was a wide field for it. The territory now reached by his firm includes Ohio, Indiana, Illinois, Michigan, Pennsylvania, and a part of New York, West Virginia and Kentucky, while the sphere of the new company's business will extend a much greater distance from Fort Wayne.

WT STANES AND BESOMS.

An exciting curling game took place yesterday afternoon at Centlivre's rink between rinks skipped by David McKay and Malcolm McInnes. The two rinks were evenly matched, and the score resulted in a tie, 14 to 14. The personnel of the opposing sides was as follows: David McKay, skip; George Miller, George Thumm, and Fred J. Hayden. Malcolm McInnes, skip; John Gillie, James Gillie, Charles F. Centlivre. On Thursday two picked rinks will go to Grand Rapids and take part in the national tournament, in which some of the greatest curlers in the country will participate.

organized at the annual synodical meeting held in 1900, and consists of a delegate from each Presbytery in the synod. It is a new departure, and it is believed that it will be most successful. The committee will arrange to supply pulpits that are vacant and it will also endeavor to secure charges for Presbytery ministers who are without an appointment. Dr. Leeper, of this city, was chairman of the committee, and it is possible that a successor may be chosen, owing to Dr. Leeper's resignation of the pastorate of Westminster Presbyterian church. The committee will probably make arrangements for a temporary pastor for Westminster church, pending the selection of a successor to Dr. Leeper.

IT FILES A BIG MORTGAGE

STANDARD WHEEL COMPANY BORROWS \$300,000.

The Once Great Trust Seems to Have Encountered Hard Luck In Business Way

The Standard Wheel company, a trust which was organized several years ago for the purpose of controlling the wheel trade of the country and which is responsible for the loss to Fort Wayne of an industry wherein 450 men found steady employment, seems to have encountered "storms" upon the financial sea. At least a clipping from the Indianapolis Journal indicates a scarcity of cash in the wheel company's treasury. The Journal says: "The Standard Wheel company yesterday mortgaged all of its property in this and other states to the Illinois Trust and Savings bank, of Chicago, and John T. Beasley, of Terre Haute, for \$300,000. The payments are to be in gold-bearing bonds at 6 per cent. interest, and will be in denominations of \$1,000 each. The first fifteen mature in 1902 and the final payment will be made in 1911, when all the bonds with the exception of 165, will have been paid. Attached to the mortgage was \$300 in revenue stamps. The property in Indianapolis affected is only a small portion of the entire holding of the company."

HOW TO TELL THE GENUINE.

The signature of E. W. Grove appears on every box of the genuine Laxative Bromo-Quinine.

Mrs. William Lyon and children arrived today and are the guests of Mrs. Lyon's uncle, Dr. J. A. P. McGaw, of the Third Presbyterian church. Mrs. Lyon is the wife of William Lyon, the famous missionary who spent a number of years in China, but who was recently ordered home on account of failing health. Mrs. Lyon, who is on her way to the home of her father in Elvaston, Ill., will address the congregation of the Third church at the regular prayer meeting tomorrow evening.

E. W. Grove

This signature is on every box of the genuine Laxative Bromo-Quinine. Tablets the remedy that cures a cold in one day.

Capt. A. H. Dougall sustained painful cuts upon the cheek and forehead by a fall upon the court house steps.

TO PREVENT THE GRIP

Laxative Bromo-Quinine removes the cause.

Dr. W. K. Mitchell, of Ligonier, was in the city last evening. Dr. Mitchell has a patient—Siles Wolf, of Ligonier—at St. Joseph's hospital.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo-Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

A mission will begin in the Cathedral on Sunday, March 17, and several missionary priests will preach during the few days the mission continues.

Dime matinee tomorrow. "East Lynne."

PIONEERS PASS FROM EARTH

ERNEST EICHHOFF DIES AT HIS ADAMS COUNTY HOME.

William Prange Succumbs at An Advanced Age—Other Deaths and Funerals.

Countless friends among the older residents of Fort Wayne will be pained to learn of the death of Ernest Eichhoff, which occurred Monday at his home near Freidheim, in Adams county. Death was due to the infirmities of age.

Mr. Eichhoff was born in Preuss-Minden, Germany, 80 years ago. He came to Fort Wayne in 1846, and for several years worked upon the old canal here with J. F. W. Meyer and others who have since become prominent in the affairs of the city. Mr. Eichhoff then removed upon a farm in Adams county, where he has lived a successful and contented life. The wife and nine children survive him.

Funeral services will be held Wednesday afternoon at 1 o'clock from the Lutheran church at Freidheim, Rev. Prange officiating.

PRANGE.

William Prange, for many years an esteemed resident of Allen county, died Monday evening from lung trouble at his home on South Broadway, just outside the city limits. Mr. Prange had been seriously ill for some weeks.

Mr. Prange was seventy-three years of age. He was born in Preuss-Minden, Westphalia, came to America in 1845, settled in Allen county, cleared a farm and for nearly sixty years was prominently identified with the most substantial citizenship of this city. Surviving are the widow and six children—William and August Prange, Mrs. Sophia Gerke, Mrs. Emma Klein, Mrs. Louise Boley and Miss Tillie Prange.

Funeral services will be held Thursday afternoon at 1 o'clock from the residence and at 2 o'clock from Emmanuel's church, Rev. C. Gross officiating.

RICHARDS.

Philip T. Richards, residing at 41 Lavina street, died at 11:30 o'clock this morning, after an illness of two weeks, from typhoid fever. Mr. Richards was 49 years of age, and surviving him are the widow and three children—Charles, William and Miss Nettie Richards. Mrs. Louis Martin, of this city, is a sister, and a brother of the deceased resides at Lima, Ohio.

Mr. Richards was a member of Fort Wayne lodge, No. 14, I. O. O. F., and of the National Union. The funeral services will probably be held on Sunday.

BIRELY.

Frederick Birely, the infant son of Mr. and Mrs. Clarence L. Birely, died this morning at the family residence, 19 St. Mary's avenue, at the age of 2 months and 8 days.

FUNERAL ANNOUNCEMENTS.

Freese.—Funeral services of Frederick Freese will be held Wednesday afternoon at 1:30 from the residence, 178 West Creighton avenue, and at 2 o'clock from Emmanuel's Lutheran church.

Meehan.—Funeral services of Mrs. Mary Meehan will be held Wednesday morning at 8:30 from the residence, 260 East Jefferson street, and at 9 o'clock from the Cathedral.

Barnard.—Funeral services of Mrs. Augusta Barnard will be held Wednesday afternoon at 1 o'clock from the residence, 37 Walnut street, and at 1:30 from the West Jefferson Street Church of Christ, Rev. Z. A. Harris officiating. Interment at Lindenwood.

BLAZE IN LAKESIDE.

The bedspring factory of J. W. Morrow, located in a large barn at 48 Columbia avenue, was damaged by fire to the extent of \$100 this morning. The blaze communicated to the ceiling from the smokestack, and ran along a partition to the roof. The department quickly got it under control.

HEADACHE CAUSES.

Headache is usually caused by living in poorly ventilated rooms, over-indulgence in food or drink, insufficient exercise, mental strain, excitement or malaria. Krause's Headache Capsules quickly cure the most severe cases and leaves the head clear and cool. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

The regular monthly meeting and smoker of the Commercial club will be held Thursday evening. On Friday evening there will be a meeting of the solicitors for the Auditorium fund.

POPE WILL TAKE PROCEEDS.

London, Feb. 12.—A dispatch from Madrid says that the pope has determined that the proceeds from the property of the friars in the Philippines, if the friars sell the property and leave the islands, will go into the treasury of St. Peter's. His holiness permitted the friars to hold estates for the support of the missions and if the missions are abandoned the church will devote the money to the support of missions elsewhere. The Spanish ambassador to the Vatican, Senor Pidal, who was recently appointed to this post, had intimate relations with the pope and will soon begin to discuss the questions affecting the interests of Spanish church orders.

A COSY CORNER.

About the Coziest Place in Town Is In 'Frank's' Window.

Cosy corners are all the style! And that means that if you want to be quite up to date in the new century, you must have an oriental cosy corner in your home. That will not be a difficult matter if you but learn what to use, while if you want to get new things and don't know what to get, just take a peep at the beautiful window of the Frank Dry Goods store. There you will see one of the prettiest sights of your life. Everything there is rich in coloring, tasteful in design—in fact altogether charming. Everything is oriental. The "cosy corner" looks so attractive with its rugs and draperies and cushions that you immediately want to buy the whole of it, except the lady who sits there, and you wouldn't object to her gown. The window represents a room and it is filled with rugs, draperies and knick-knacks, such as delight a woman's heart, and a man's too, sometimes. Besides there are Japanese calendars and fans, pieces of bric-a-brac and a swinging lamp. Look at it all and you'll not only learn what to use to make a cosy corner but also where to buy the necessary things.

Feeds the Hair

Have you ever thought why your hair is falling out? It is because you are starving your hair. If this starvation continues, your hair will continue to fall.

There is one good hair food. It is Ayer's Hair Vigor. It goes right to the roots of the hair and gives them just the food they need. The hair stops falling, becomes healthy, and grows thick and long. Ayer's Hair Vigor does another thing, also: it always restores color to faded or gray hair.

One dollar a bottle.

If your druggist cannot supply you, send us 50c and we will express a bottle to you, all charges prepaid. Be sure and give us your nearest express office.

BAKED ARGUMENT.

When you buy crackers don't take the dealers word for too much. Taste them and let their flavor argue their merits. When you do this there isn't a doubt but that you will select Fox's "Forex" Butter Crackers.

HAS NO REPORT.

The city health office this morning had no report of the smallpox case which was discovered in the east end yesterday afternoon. While the case was found outside the city limits, it is so little outside that it appears it should be a matter of recognition by the city authorities and should be reported there as quickly as though it was found inside the city.

COFFEE KNOCKED HIM.

Couldn't Move for 4 Hours After Drinking Two Cups.

When coffee drinking affects a man's health so badly that he has to be put to bed for 4 hours after drinking two cups at dinner, it is high time he quit.

That was the experience of Mr. Hood, in Geneva, Mich. His wife writes: "I consider that Postum saved my husband. For two years he had been troubled with his heart, and kept getting worse. I finally induced him to make the experiment of leaving off coffee and taking Postum Food Coffee, and he improved rapidly, but one day drank two cups of strong coffee for dinner and had to lie on a bed for four hours before he could move, since that time no coffee is used, but Postum altogether. He has entirely recovered his health, has no more trouble with his heart, and says he likes Postum better than he ever did like the old fashioned coffee."

A number of our neighbors use Postum altogether to the exclusion of ordinary coffee. Once in a while I find a person who has tried Postum and does not like it, but always find, upon inquiry, that they tried to make it by boiling it 5 or 10 minutes, which absolutely will not do. It must be boiled 15 or 20 minutes after the boiling begins. Put in a little piece of butter to prevent it from boiling over, and you will have a delicious, palatable, and nourishing beverage." Ada Hood, Geneva, Mich.

CHURCH NOTES.

There will be a social afternoon for members of the Y. W. C. A. at the home of Mrs. John Evans, 126 East Main street, tomorrow afternoon, from 2:30 to 5 o'clock.

The monthly social of the ladies of Salem Reformed church will be held on Thursday afternoon in the hall in the rear of the church. The young people will hold their regular meeting Wednesday evening.

The monthly meeting of the Epworth League of Trinity M. E. church was held last evening. There will be a meeting of the stewards of this church this evening.

The joint council of the Third Presbyterian church will meet this evening instead of Thursday evening. Dr. McGaw goes to Indianapolis Thursday and it was decided to change the time of meeting.

OBITUARY.

(In loving remembrance of little Celeste Moran.)
How we wait to see you coming.
How we wait to hear you call.
How we miss you, Celeste darling.
One we loved the best of all.

When the angels called you, loved one.
Come up higher, Celeste, dear.
You have won a crown in heaven
For those pains you suffered here.

None could see you in your cradle,
Pure and white and oh so fair,
Though you were so pure an angel,
As you lay so silent there.

TURN ON THE AIR.

C. G. Fox Installs a Fine Plant in the Wayne Barber Shop.

Chas. G. Fox, the well known plumber, steam and gas fitter, of 80 Taylor street, has just completed the installation of an automatic air system in the Wayne hotel tonsorial parlors. The system is run by one of the "Big Wonder Pump" motors. The air is used for spraying the face, drying the face, hair, and, in fact, about everything for which old style barber shops use a towel or fan. The system is such a wonderful improvement that patrons of the shop feel like being shaved twice a day just to experience the delightful sensation of the use of the air. The proprietors have nothing but the highest praise to tell in regard to the system and the skillful manner in which Mr. Fox placed the outfit. There is no doubt that other leading shops in the city will, in the near future, install plants of the same kind, if the numerous inquiries that are coming to Mr. Fox in regard to price of plant, etc., are an indication.

SYRUP OF FIGS

NEVER IMITATED

AN EXCELLENT COMBINATION.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal, laxative and purgative, in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

Women Wonder Why

They are doomed to so much suffering. But are they doomed? Is it the suffering result of conditions which under skillful treatment might be entirely cured? Thousands of women who had been great sufferers, have learned that suffering was unnecessary after using Dr. Pierce's Favorite Prescription. It heals diseases of the delicate womanly organs and banishes the headache, backache and other aches which are the consequence of these diseases.

"Favorite Prescription" is absolutely a temperance medicine in the strictest meaning of the term. It contains no alcohol and is free from opium, cocaine and all other narcotics.

"I wrote you for advice February 4th, 1896," writes Mrs. Emma Halstead, of Chelmsford, Cheshire, Eng., "I was suffering with pain from the back of my head down to my heels. Had hemorrhage for weeks at a time, and was unable to sit up for ten minutes at a time. You answered my letter, advised me to use your valuable medicine, viz., Dr. Pierce's Favorite Prescription, 'Golden Medical Discovery' and 'Pleasant Pellets,' also gave advice about injections, baths and diet. To my surprise, in four months from the time I began your treatment I was a well woman and have not had the headache since, and now I put in sixteen hours a day at hard work."

Sick women are invited to consult Dr. Pierce by letter free. All correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.

TRADES AND LABOR COUNCIL
SELECTS NEW QUARTERS.

Labor Fair to Be Held After Easter—
Council Scores Fake Labor
Directories.

The Trades and Labor council Monday evening concurred in the committee's selection of G. A. R. hall, upon the fourth floor of the Elektron building, as headquarters for the council, and subsequent meetings will be held there. D. M. McLaughlin, from the stationary firemen; George A. Stier, from the brewery drivers, and Mark Nelson, from the pressmen, presented credentials and were admitted as delegates to the council.

The labor fair committee reported in favor of holding a fair for ten days, beginning on the first Wednesday after Easter. The report was adopted, and Mr. and Mrs. E. E. Tanner, Miss Webber, Mrs. M. M. Short and Henry Rose were added to the committee on arrangements for the event.

The recent appearance of a so-called organized labor directory which does not appear to have been authorized by any organized body called forth a resolution by W. A. Hall which was unanimously adopted. It asks business men to refuse advertising to persons who solicit in the name of organized labor unless the solicitors are able to produce authority signed and sealed by the Trades and Labor council.

A resolution submitted by Delegate Rogers, of the Federal Labor union, was also adopted. It "invites and welcomes all organizations of this city, which look to the uplifting and betterment of the laboring classes, local and national, to affiliate with this body now and at all times."

The salary of the secretary was increased to \$50 per annum, and the council purchased twenty-five tickets to the entertainments to be given Thursday evening by the Women's Union League and the Waist Factory employees, and donated a like sum of money to the Lady Textile workers, who gave an entertainment Saturday evening.

Upon the reading of a communication from Frank Morrison, in explanation of the action of the Barbers' union with reference to the Federal Labor union, Delegate Mitchell arose to a point of order and was sustained by Acting President Tanner, who held that the council had no jurisdiction over Federal Labor unions.

A RARE TREAT PROMISED.

Tonight at the rooms of the Commercial club the Fort Wayne School of Art will present the last of the season's series of art lectures. The lecture tonight promises to be from a popular point of view the best the School of Art has yet presented. Prof. Roberts Harper, Fellow of the Royal Geographical Society, will deliver his notable lecture "Around the World on a Man-of-War," illustrating it with moving pictures and stereoscopic views. Wherever Prof. Harper has presented his admirable lecture it has elicited the most enthusiastic praise as not only unequalled in varied interest but as of highest value in affording something that is almost an education in a unique line. To unsurpassed powers of graphic description are added the pictures, constituting together an entertainment as valuable as it is fascinating. The admission for those not members of the School of Art is small and patrons of the school hope to see the rooms filled this evening, believing that one of the rarest treats of the winter is assured.

Yesterdays Cincinnati Commercial-Tribune thus speaks of Prof. Harper's lecture Monday in Cincinnati: "From Portsmouth, England, eastward by water route, around the world in a man-of-war, was the trip on which Mr. Harper took his audience."

RECOVERIES FROM GRIP.

Mrs. E. I. Masters, at her home in Monitor, Ind., used Dr. Miles' Nerve and Pills to cure after effects of grip.

Mrs. A. E. Loper, in the little town of Modalia, Minn., used Dr. Miles' Pain Pills and Nerve and Liver Pills and was well in a few days.

George J. Flannery was relieved of the awful pains in his head in fifteen minutes by the use of Dr. Miles' Pain Pills. Now he is rapidly recovering at his home in Buffalo, N. Y.

J. C. Helfrey, foreman at the Westinghouse factory in East Pittsburgh, had a severe attack of grip, but he used Dr. Miles' Nerve and Pain Pills and was soon back in his place.

Rev. C. Body was in a serious condition at his home in St. Paris, O., but Dr. Miles' Nerve and Nerve and Liver Pills pulled him through all right.

"Grip robbed me of my sleep and I was nearly crazed with neuralgia and headache. Dr. Miles' Pain Pills and Nerve cured me."—Mrs. Pearl Bush, Holland, Mich.

"My stomach was affected by grip and I could eat nothing but crackers and milk. I began taking Dr. Miles' Nerve and Pain Pills and the trouble disappeared."—Mrs. J. Lindsey, Montrose, Minn.

"When I was prostrated with grip and my heart and nerves were in bad shape, Dr. Miles' Nerve and Heart Cure gave me new life and health."—Mrs. Geo. Colie, Elgin, Ill.

"I had been in bed three weeks with grip when my husband brought me Dr. Miles' Nerve, Pain Pills and Nerve and Liver Pills. I was cured."—Mrs. J. Reinier, Franklin, Ind.

ence in a Unity club lecture at Music hall yesterday afternoon. The great audience room was almost filled. Mr. Harper held the audience in rapt attention throughout. With the old line of battle ship of years ago he began his lecture, and going aboard of a modern man-of-war started on his tour. Gibraltar with its bristling cannon Alexandria Egypt, among its curiosities; Cairo with its pyramids; the Nile, its shores lined with monumental reminders of ancient civilization; Constantinople, where the Sick Man of the East holds forth; India, with its strange and wonderful development; and on around the Horn, across the Atlantic and home, were some of the places described. His illustrations were fine.

The Enquirer, after mentioning the fact that Prof. Harper has appeared twelve times before the Unity club in that city, pays a glowing tribute to the lecture.

IN THE AIR.

The Germs of LaGrippe are Conveyed Through the Atmosphere.

No one can escape the La Grippe germ because when an epidemic of the disease is prevailing the air is laden with it.

The reason everyone does not have the disease at the same time is because the persons who are enjoying perfect health are able to successfully resist and throw off the infection, while those who for any reason are not in the best of health fall ready victims.

The first symptoms are those of acute catarrh, resembling a hard cold and if prompt treatment is applied at this time, it can easily be broken up; one of the best remedies at this stage is Stuart's Catarrh Tablets, sold by druggists everywhere and if taken freely, say one tablet every hour or two or two or three days, the danger of pneumonia and serious complications will be averted.

The Rev. L. E. Palmer, Baptist clergyman of Ceresco, Mich., makes a statement of interest to all catarrh and grip sufferers. He says: Stuart's Catarrh Tablets have certainly been a blessing to me. I have used them freely this fall and winter and have found them a safeguard against La Grippe and catarrhal troubles from which I had suffered for years. I feel that I can freely and conscientiously recommend them.

Persons who suffer from catarrh of the head and throat are very susceptible to La Grippe and such will find a pleasant, convenient and safe remedy in this new catarrh cure. Stuart's Catarrh Tablets are composed entirely of harmless antiseptics and may be used as freely as necessary as they contain no cocaine, opiate or poisonous drug of any kind.

AN EARLY RUNAWAY.

Shortly after 7 o'clock this morning there was an exciting though not disastrous runaway on Calhoun street. A man driving a horse attached to a cutter rounded the corner of Main and Calhoun streets, going north. The horse was cutting a lively clip when the sleigh runner caught in the street car rail and then there was a mix up. The circumambient air was momentarily filled with a wild profusion of lap robes, sleigh cushions, buggy whips and man, apparently all arms and legs. The bunch lit in the snow on the curb in front of Belchin's saloon while the horse continued his merry pace. He went down Calhoun street to the flats, where he turned, came back down Clinton street and turned east on Wayne. When last seen he was going a mile in about 2:03 1/4, and is probably going yet. The sleigh seemed to be somewhat the worse for wear but no one was hurt. The rig was the property of the Riedmiller barn and was in charge of one of the stable boys.

NEWS GATHERED IN CITY HALL.

At the meeting of the board of works held yesterday afternoon three petitions for street car line extensions were introduced. Two of them were in behalf of the Southwestern company and the other was in the interest of the Fort Wayne Traction company. One petition was signed by about 500 residents of South Wayne and asked that the former company be granted a right of way commencing at the corner of Oakley street and Taylor street and running as follows: South on Oakley to DeWald, west on DeWald to lot 37, Bond's second addition; thence south through lots 37 and 52 to the corner of Creighton avenue and South Wayne avenue; thence south on South Wayne avenue to Organ avenue; thence west to Broadway; thence north to Grace avenue; thence east to Fox avenue, and south on Fox to Taylor street. There was another petition, signed by forty-six residents of Fairfield avenue, asking that the line begin instead from the corner of Fairfield avenue and Taylor street, south to Organ avenue and then over the remainder of the route described.

Messrs. Townsend and Miller, of the Southwestern company, and their attorney, N. D. Doughman, were present and asked that the franchise be granted. The board assured them that the matter would be taken up immediately with the council committee on franchises and that the consideration of the petition and the fixing of the conditions shall be expedited. It is probable that the same clause relating to the passing of the franchise of any company to the Fort Wayne Traction company will be inserted in all contracts hereafter made with the Southwestern or any other company.

Several residents of Huffman street also asked that the Fort Wayne Traction company be granted a franchise to extend its line along that street to Franklin avenue. As the Traction company was not represented before the board the matter was referred to that corporation for proper presentation.

The patrol wagon was called this morning to remove William Gray from Hope hospital to his father's home in Lakeside.

A petition was presented to the board of works this afternoon asking that Hanna street be paved with brick from Wayne street to the Wash tracks. The petition was signed by property owners representing 2,464 feet of abutting lots, considerably more than the required one-half.

SPORTING NEWS.

West Washington street was a veritable Epsom Downs yesterday afternoon, barring the snow, and all the fast nags in town were out for a spin down the boulevard. The snow was in pretty fair shape and the footing was tolerably good. The feature of the afternoon was a match race between Red Elgin and Harry C. for a cool hundred dollars a corner. The race was very interesting and was won by Red Elgin, who took the first heat on Saturday afternoon and two out of the three races yesterday. The match was best three in five, but it took only four heats to decide it. There will be another go between a number of the fast ones this afternoon and some excellent sport is anticipated.

BASE BALL NOTES.

"Bobby" Carruthers, who was a member of the Inter-State staff of umpires last season, will not play in the Inter-State yard the coming season. Bobby will be with the Western league this year and his many friends in this circuit will wish him success. Carruthers is an excellent umpire and his work was about the most satisfactory in the league last year. Bobby was the star pitcher for the St. Louis Browns when they captured the world's championship.

Manager John Eggeman, of the Notre Dame base ball team, is endeavoring to secure a coach for the base ball squad this season, but his efforts have not been crowned with success. He has tried to secure Chick Stahl, of the Boston; Freeman, formerly of Washington, and Gibson, of Kansas City, but none of them are in a position to take up the work.

Twenty-five persons comprised a sleighing party which visited the country home of John Braun, the

brick manufacturer, northeast of the city, last night. There was music at hand, but no dancing, as the party was strictly a stag affair. The host served oysters and a pint or two of older and the festivities did not terminate until 3 o'clock this morning.

ABOUT THE COURT HOUSE.

Judge O'Rourke held a levee this morning in the circuit court room, which was attended by all the elite and a few others, residing at both Woodburn and Shirley City. The decorations were simple and consisted principally of a large red spot over Mr. Isaac Sprunger's eye. The occasion was the discussion of the occurrences of that memorable day when Mr. Sprunger tried to feed himself to 'Squire Gernhardt, who bit several holes in his countenance and then had him arrested for slugging him with a brick. Justice Tancey first tried the case and fined Mr. Sprunger \$20, from which judgment an appeal to the circuit court was taken. The parties to the trial dispensed with a jury and submitted the evidence to the court. As The Sentinel goes to press the details of Mr. Gernhardt's cannibalistic exploit had not yet all been recounted.

An Indianapolis special to The Sentinel says that the appellate court today partly affirmed and partly reversed the case of Henry Brudi vs. Christian Luhman.

BEFORE JUDGE AIKEN.

In the case of Little vs. Tapp, action on contract, the jury returned a verdict at 5 o'clock this morning finding for the plaintiff in the sum of \$125.

In the case of Moldenay vs. Woodburn a decree to quiet title was entered.

In the divorce case of Sarah B. vs. Isaac N. Tonsley, the Jenney Electric Light and Power company was made a party to the suit and a restraining order was issued restraining the company from paying the defendant any wages due him until after the settlement of the divorce case.

In the case of Melissa A. Michael vs. Elizabeth Wise, the hearing was withdrawn from the jury and submitted to the court, which found for the plaintiff in the sum of \$339.62. By agreement, in consideration of the withholding of the execution of the judgment during the lifetime of the defendant, no writ was issued and the judgment becomes a first lien on the defendant's real estate.

HOW IS YOUR TYPEWRITER?

Fred McBride, an expert in the repairing of typewriters, is stopping at the Hotel Rich, where he will be located for a week or ten days.

He makes a business of repairing, cleaning, aligning and general overhauling or remodeling of all the standard or leading makes of typewriters, carrying all tools and parts necessary to do the work.

As he does the work here in Fort Wayne it saves the delay necessary in sending them in to be repaired; also expressage both ways, and is on the ground when they are delivered, a point old operators will appreciate.

If your machine is not just what it should be, you had better send for him at the Hotel Rich. He will examine your machine without cost, and tell you just what the repairs will cost, and if you have it done will guarantee satisfactory work. 9-4t

Omega Oil

FOR WOMEN—You would be surprised like everything if you knew how many women use Omega Oil, the wonderful liniment that stops pain. Some of those women are away up in society, too, and have their maids rub the oil on them. Poor people, who can't afford maids, either rub themselves with Omega Oil, or get some one in the family to do it. You see, it is so very good

for tired shoulders, lame backs, stiff joints, sore throat, cold in the chest and rheumatism that you can't blame people for using it. Why, in a good many families, they get out a bottle of Omega Oil every night before they go to bed, because some one is sure to have a pain somewhere

or other. This weather seems to make an awful lot of pains, and Omega Oil is just as necessary to health as an over-

coat or a heavy wrap. It is good for everything a liniment ought to be good for.

Your druggist sells Omega Oil, or can get it for you of any wholesale druggist. The Omega Chemical Co., 227 Broadway, New York, will mail a bottle, prepaid, for 10c, in cash, money order or stamp.

HOUSE EXPUNGED SULZER'S
LETTER FROM RECORD.

RENEWES ATTACK ON HEATH

DEFIES THE POLITICIAN TO SE-
GIN AN ACTION.

LETTER PRINTED IN RECORD

THE DAY'S PROCEEDINGS IN
THE SENATE.

Washington, Feb. 12.—The chaplain of the house, in his invocation today, referred to the fact that this was the anniversary of the birthday of Lincoln, the emancipator, and prayed that his life might be an example and inspiration to those now living.

As soon as the journal was read and approved the struggle over the question of expunging from the record the anonymous letter reflecting upon Perry S. Heath, which was read at the instigation of Mr. Sulzer, of New York, during the exciting session of yesterday, was resumed.

The letter appeared in the Record this morning. Mr. Knox, of Massachusetts, called up the alleged infringement of the privileges of the house. He claimed that the matter was before the house in two ways:

First, as an unfinished business; second, as a matter appearing in the Record over which the house had no control.

Mr. Knox said he admitted that a member might upon his own responsibility charge any sort of offense against a man not a member of the house and not be liable to be called to account, yet he contended that when a member introduced a paper the house obtained jurisdiction.

He asked the house to adopt a resolution which he sent to the clerk's desk.

The resolution recited the occurrence of yesterday and directed that the document be stricken from the Record.

HOW BAILEY STOOD.

Mr. Bailey, of Texas, asked Mr. Knox to withdraw the preamble of the resolution.

"I, myself," said he, "intend to vote to strike this anonymous communication from the Record." (Republican applause.)

Mr. Knox consented to strike out the preamble and was about to demand the previous question, but at the request of Mr. Sulzer, yielded five minutes to the New York member.

Mr. Sulzer said he was at a loss to understand the anxiety to protect the character of Perry S. Heath, who was not a member of the house, while his party associates were exulting delightedly in the attack upon his personal character and reputation.

SULZER IMPASSIONED.

"I stand here," he continued, "and say that no man in this house can charge me with any offense whatever or with any misconduct. My life is an open book and when the gentleman from Pennsylvania yesterday attacked me I felt justified in smoking out the culprit who was responsible for the charges. And I did smoke him out." Mr. Sulzer shouted, with arm upraised.

"I had the courage to stand here yesterday and say that I was responsible for every word in that letter. If Mr. Heath thinks there is anything libelous or scandalous in that letter I will not plead my constitutional privilege. I will plead the truth of the statements. This morning a gentleman, a former member of the house, said to me:

"The man who wrote that letter knew Heath like a book; every word in it is true."

WANTS HEATH TO ANSWER.

"I have no objection to striking the letter from the Record, but I serve notice that I am going to say everything in that letter and I want Perry S. Heath to answer. If he does he will be fit for the penitentiary. I want him to understand that I am responsible in damages for what I say. The house has no compunctions of conscience when he attacks me, but when I attack him he squeals like a pig under a gate. I got that letter in the Record. That was what I was after. I am now content to have it stricken out."

Mr. Knox's motion to expunge this letter from the permanent Record was then adopted without division.

Mr. Tawney, of Minnesota, chairman of the special committee on the St. Louis exposition, then tried to get up the exposition bill, but Mr. Cannon, chairman of the appropriations

committee, declined to allow it to come up until the pending appropriation bills were out of the way and accordingly the house went into a committee of the whole and took up the consideration of the army appropriation bill.

It was arranged that the general debate should run for three hours. Mr. Hall, chairman of the military affairs committee, made a brief explanation. The bill carries \$117,804,649, \$19,335,133 less than the estimate.

IN THE SENATE.

At the beginning of today's session of the senate a joint resolution authorizing the removal of certain letters from the files of the department of the interior and their donation to the state of Iowa was passed. A bill also was passed appointing a commission, consisting of the president of the Society of the Army of Tennessee, the chairman of the joint committee on library and the secretary of war to select a site in the city of Washington and have designs prepared for a memorial or statue of Gen. U. S. Grant, the cost of which shall not exceed \$250,000.

Other bills were passed as follows: To establish a fish hatchery and fish station in Utah, to cost \$25,000; authorizing the Indiana, Illinois and Iowa Railroad company to construct and maintain a bridge across the St. Joseph river at St. Joseph, Mich.

The agricultural appropriation bill was called up by Mr. Proctor, chairman of the committee on agriculture. It carries \$4,503,920, the increase proposed by the senate committee being \$158,820.

The reading of the bill in full was demanded by Mr. Sullivan, of Mississippi, Mr. Proctor having objected previously to the consideration of a bill Mr. Sullivan had called up.

AGREE ON SPANISH CLAIMS.

Washington, Feb. 12.—The conferees of the senate and house today reached an agreement upon the bill providing a means for settling the claims of citizens of the United States against Spain as provided for by the Paris treaty of peace.

The house conferees recede from their amendment requiring the court of claims to pass upon such claims and accept the senate provision for a commission.

The membership of the commission is, however, increased from three to five. A provision was inserted making the decisions of the commission final, but giving it authority to grant a rehearing under certain circumstances and also to ask the opinion of the United States supreme court on points of law. The commissioners are to be appointed by the president and confirmed by the senate and the bill requires that they shall be "learned in the law."

The headquarters of the commission will be in Washington, but it is empowered to send a commissioner abroad to take testimony.

Armed With Knives, Shoots
Assailants Dead.

Athens, Ohio, Feb. 12.—In a bloody fight over a woman at Athol, a mining village near here, Albert Stitzer shot and killed Mike Johnkac and Joe Folsch.

Stitzer was badly cut but he will recover. He is under arrest. All are Hungarian miners. Stitzer was attacked with knives. He drew a revolver and killed both his assailants.

AFFECTS CIGARETTE TRADE.

San Juan de Porto Rico, Feb. 12.—The effect of the revenue law is that cigarette orders have decreased. The Porto Rican-American Tobacco company is closing up, discharging 150 employees. It is reported that others will shortly follow its example and shut down, temporarily, until dealers' stocks are consumed. Then they will run at half force. As the demand has permanently lessened the output will probably be smaller, proportionately.

ALARMING REPORT DENIED.

New York, Feb. 12.—A report that Mrs. Thomas C. Platt, who is ill at the Fifth Avenue hotel, was dangerously low and had sunk into a state of coma, was denied by the clerk of the hotel today. "Mrs. Platt passed a very comfortable night," he said, "and her physician said this morning that he believed there was considerable improvement in her condition."

AFTER THE HOUSE

REPUBLICANS USE PRESSURE
AT INDIANAPOLIS.

FORCING THE CHARTER BILLS

WANT BILLS MADE CAUCUS
MEASURES.

OPPOSITION IN THE HOUSE

CHARTER BILLS ADVANCED IN
THE SENATE.

(Special to The Sentinel.)
Indianapolis, Feb. 12.—A number of prominent republican politicians from Fort Wayne are here today to bring pressure to bear on the legislature to have the Fort Wayne charter bills passed.

The immediate end sought is to have the charter bills made caucus measures in the house as was done by the republicans in the senate. This would insure the passage of the bills. There is no danger in the senate now inasmuch as the caucus rendered the latent opposition among the republicans harmless unless some of them care to bolt the caucus. Some would doubtless like to, but probably will not.

In the house it is different. It is well understood that a number of republican members are not at all in sympathy with the movement to provide Fort Wayne with a metropolitan police board and other radical changes in the present charter as proposed in the bills already introduced.

The Fort Wayne promoters of the measure realize that there is danger in the house and pressure is being exerted to get the bills placed beyond jeopardy by caucus action.

THE BILLS ADVANCED.

In the senate today the Fort Wayne charter bills were advanced and there is at present no known obstacle to their ultimate passage by that body.

The senate passed the Jordan bill providing for railroad consolidation, roads in southern Indiana being the lines whose consolidation will thus be enabled.

There was a hot discussion in the senate over Lincoln day. The democrats attacked the republicans for not adjourning out of respect to the memory of the martyred president.

The house today advanced the bill repealing the Barrett law assessing property improvements according to benefits and damages.

MONDAY'S PROCEEDINGS.

The senate began to grind at 10 o'clock yesterday morning, but the house held no morning session. The house transacted considerable business in the afternoon. Several new bills were introduced and some committee reports were heard. Three anti-trust bills were killed by ex-amittees and the house concurred in the reports. There was a minority report in favor of Mr. McCarty's anti-trust bill, but the majority report was adopted. Mr. McCarty defended his bill and was replied to by Mr. Roberts, of the corporations committee.

Mr. James was made happy in the house by the passage of his bill giving Putnam county authority to erect a new court house. This bill was passed under a suspension of rules.

Among the new bills introduced was one by Mr. Kirkman increasing the number of appellate judges. This is a measure prepared by the attorney general. Two important bills were sent up by Mr. Davis, of Wayne. One relates to the appointment of a state board of embalmers and the other to the construction of school houses along sanitary lines. The latter bill was drawn by Secretary Hurty, of the state board of health.

The senate had its usual row, this time the trouble occurring over Senator Brooks' bill providing for legal advertising in cities of between 3,000 and 10,000. Senators Gwin and Brooks had a heated argument over this bill when it was called up for second reading. Senators Inman and Stillwell got into the muck by supporting Senator Gwin.

INSURGENTS SURRENDER.

Manila, Feb. 12.—An insurgent colonel, Simcon Terbon, seven insurgent officers and seventy men, with sixty guns have surrendered unconditionally to Captain Cooley, of the Thirty-fifth regiment, at San Miguel de Mayuno. In a fight at Sibayan, Batangas, the rebel general Malboa, is reported to have been killed. Six insurgent officers and twenty men were captured. Mariquina is

the scene of an immense peace meeting of the federal party.

HOLDS FRANCHISES TAXABLE.

Lansing, Mich., Feb. 12.—The Michigan supreme court today handed down an opinion affirming the judgment of the Wayne county circuit bench, that franchises received from the city are taxable. The decision was in the case of what is now the Detroit United Railway company, the corporate name of the consolidated street railway systems of the city, against the city assessors of Detroit. Last year the assessors increased the assessment of the railway company from \$2,600,000 to \$3,142,100, on the assumption that its franchises were taxable. The circuit court confirmed the assessors' action and the case was then carried to the supreme court.

WERE BLOODHOUNDS RIGHT?

BROTHER ACCUSES CHRISTIAN
GRAFT OF ARSON.

Sensational Confession at Ossian Concerning Recent Burning of
a Mill at Echo.

Late in December The Sentinel printed an account of the burning of a tile mill at Echo. It was from the first strongly suspected to have been the work of incendiaries, and in this connection the Blanton Banner says: "A telephone message to the Banner from Ossian this afternoon states that that town is greatly excited over the confession of a young man named Carl Graft to the effect that his brother, Christian, set fire to the saw and tile mill owned by two of their brothers and a man named Kreigh, at Echo, December 28th."

"It will be remembered that on the night of the 28th of December the saw and tile mill of Graft Bros. & Kreigh, at Echo, was completely destroyed by fire and that at the time it was suspected that the building had been set on fire. Friday night of last week, so the report from Ossian goes, Carl Graft got intoxicated and made a confession that he and his brother, Christian Graft, were at Williamsport on the night of the fire and that when they drove home they stopped at the mill and that Christian got out of the rig, went to the building and set fire to it. He then wanted his brother to accompany him to the little store owned by Robert Archibold, a half a mile west of the mill, and set fire to that, but this the younger Graft refused to do.

"Christian Graft, who is accused of the arson, lives just opposite the mill which was burned and reports have been current concerning him ever since the fire. On the night when the confession was supposed to have been made Carl is said to have gone to the home of his brother, Christian, and demanded to borrow some articles, but was refused the loan. This angered him and he openly accused his brother of setting fire to the building.

"The motive for Christian Graft's act is supposed to have been a desire for revenge for an imagined wrong he suffered in the division of his father's property, he getting twenty-three acres and his other brothers thirty-three, the difference in the division being that the other two brothers got the land on which the mill is situated. It is also said that Christian has made the threat that he would be even with his more fortunate brothers even though he lay things in ashes. Shortly after the fire blood hounds were taken to Echo and they persisted in running to the home of Christian Graft, the man now accused by his brother's confession.

"No arrests have been made as yet, but the mill owners are reported as getting everything in readiness to give the case a thorough test."

THE OLYMPIA BAND FAIR.

Good attendance marked the opening of the week at the Olympia band's fair in the Tri-State block last evening. Considerable interest is being manifested in the various contests being carried on, particularly in the contest for the flag. The Clerks' union seems to be in the lead and are keeping their strength pretty well under their hat. The Tippecanoe club entered the lists last night and it is more than probable that the Jeffersonian club will also take a hand. They will all have to step some, though, to beat the clerks, who propose to preserve their reputation as being the most popular organization in the city. The program for the week is printed in another column and will be found interesting.

The Degree of Pochontas will give an entertainment at their hall Feb. 23, and a feature will be an Indian tableau.

BIG GLASS FACTORY WHOLLY
DESTROYED.

THE LOSS REACHES \$500,000

WAS FINEST TUMBLER WORK
IN THE COUNTRY.

MANY MEN RENDERED IDLE

LARGE CHICAGO APARTMENT
HOUSE BURNS.

Pittsburg, Pa., Feb. 12.—Nearly the entire plant of the Rochester Tumbler works of the National Glass company, the largest and finest in the world, located at Rochester, Pa., was destroyed by a fire that started about midnight. The loss will amount to about \$500,000 and is believed to be covered by insurance.

An area of 300 by 1,500 feet was burned over and the greatest departments in the works destroyed.

The fire was discovered in the cooper shop by the watchman and quickly spread to the warehouses, mould rooms, and from there to the main factory. The main factory was a building 300 by 500 feet and contained the pressed-ware department.

In all eight buildings were burned and the only portions of the plant left standing are the punch department and the blown warehouse. An overheated furnace is believed to have started the fire.

The Rochester Tumbler works had a capacity of 85,000 dozen tumblers a week. The plant covered an area of fifteen acres.

When seen today H. C. Frick, president of the National Glass company, said:

"I am at a loss to know what started the fire. Inadequate water pressure retarded the work of the firemen and it was impossible to make any great headway by the firemen. The burned factory contained fire furnaces and the upper factory, which was saved, contained two. I cannot say much about the insurance at this time, but I believe we are fully protected. Out of a total of 1,200,000 men will be rendered idle; temporarily, I hope. Whether we will rebuild or not I cannot say at this time.

"The machinery in the burned factory will be hard to replace and the same cannot be done except at a great cost. It was of the finest make possible, especially to the presses, molds, etc., and was all very valuable.

"There will be no salvage. The fire was confined entirely to the factory and the planing mill property in the vicinity escaped."

The insurance was all placed in Pittsburg and covers the entire loss. After the fire was well under control there was an explosion near the vault containing all the molds and patterns and the falling walls crushed them. It is thought the loss on these will be total.

Myron L. Case said immediate arrangements would be made to fill all orders by placing them in other plants of the National Glass company.

The company, he said, would take care of the employees who were thrown out of work by the fire. The plant will probably be rebuilt, but nothing definite will be known until the officials meet.

BIG FIRE AT DECATUR, ILL.

Decatur, Ill., Feb. 12.—Fire early today destroyed the wholesale grocery of the Mueller, Platt & Wheeland company. It is thought the loss will amount to nearly \$100,000; insurance unknown.

APARTMENT HOUSE BURNS.

Chicago, Feb. 12.—Fire today destroyed the Everett apartment building, a four-story brick structure at 272 and 274 Forty-second street. Loss on building and contents is estimated at \$50,000; partly insured. The fire, which started in the basement, shot up the air shaft to the fourth floor, and spread to the second and third floors with such rapidity that many inmates were cut off from escape by the stairways and were rescued by the firemen with considerable difficulty. So far as known, however, no one was injured. Few of the tenants saved any of their household goods.

OPERA HOUSE DESTROYED.

Pittsburg, Feb. 12.—The opera house at McDonald, Pa., was partly destroyed by fire last night. A

church fair was in progress in the building at the time and a wild rush was made for the exits. In the panic a number of persons were slightly hurt, but no one seriously.

Young's hardware store, on the first floor, is a complete wreck, and the stock in Benjamin Franklin's clothing store was ruined by water. The loss was about \$20,000.

BUTTONS ARE ORDERED.

W. F. Graeter, of the auditorium committee, who was appointed by Chairman Beers to attend to the matter of purchasing auditorium buttons, yesterday placed an order with the firm of Whitehead & Hoag, of Newark, N. J., for a large quantity of the buttons. The buttons, which have been described in a previous issue of The Sentinel, will be presented to each person purchasing auditorium stock.

HONOR MEMORY OF LINCOLN

THE DAY OBSERVED IN MANY
CITIES OF COUNTRY.

Pupils of Chicago High School Go on
Strike Because Forced to
Attend.

Chicago, Feb. 12.—Banks, the board of trade, stock exchange, courts and public institutions were closed today in honor of Lincoln's ninety-second birthday anniversary. The chief event of the day's exercises was the public memorial meeting in the G. A. R. Memorial hall under the auspices of the Grand Army Memorial Hall association. Addresses were made by local speakers. Various G. A. R. posts, as well as other organizations, held commemorative meetings in various parts of the city. Others will be held this evening.

Nearly sixty pupils of the senior grade at the North Division high school, incensed because Principal Westcott would allow no holiday or hold Lincoln day exercises in the school, refused to attend their classes this morning and with a brass band playing popular airs endeavored to get the rest of the students to join them. They were unsuccessful, but obeyed the order of Principal Westcott to leave the grounds.

IN PHILADELPHIA.

Philadelphia, Feb. 12.—The memory of Abraham Lincoln was honored today in this city with appropriate ceremonies.

School children, college students, civic, social and political organizations paid tribute to the American commoner in recognition of his ninety-second anniversary of his birth.

All the big business houses and many private residences throughout the city were appropriately decorated.

In the public schools a formal program was observed, consisting of exercises calculated to acquaint the children with the life of the civil war president.

IN ST. LOUIS.

St. Louis, Feb. 12.—Business was suspended on the Merchants' exchange and the stock exchange in honor of Abraham Lincoln. The cotton exchange, banks and local trust company offices were open as usual.

Special exercises were held in the public schools.

THE STORY IS DENIED.

Harrisburg, Pa., Feb. 12.—A search of all the departments of this commonwealth fails to confirm the story published in Louisville today to the effect that John L. Powers, who is under indictment in connection with the Goebel assassination, is in the employ of the state of Pennsylvania. All the officials who could be seen deny the story.

IN JUSTICE'S COURTS.

This morning Henry Schmidt, of Abolt, filed an affidavit against his neighbor, Edward Aker, charging him with cruelty to animals. He also filed an affidavit against the same party for reckless profanity. Constable Bagby was given the warrants and went out to make the arrest today.

In the Grabner trespass cases, in Huser's court, the defendant was found guilty on one charge and the other three were dismissed.

W. E. Pearson, Jr., of Scooba, Miss., has sent Dr. W. W. Barnett a handsome pair of deer antlers as a souvenir of the doctor's recent hunting trip in the south. The animal was started up on the last day of Dr. Barnett's stay there, but was not captured until four days later by a dog which remained upon the trail.

MILITIA IS READY

TROOPS UNDER ORDERS TO GO TO
CINCINNATI.

TWO REGIMENTS PREPARED

GOVERNOR NASH IS SHOWING
HIS HAND.

A CONFERENCE IS HELD

THE GOVERNOR AND ADJUTANT
GENERAL TALK IT OVER.

Columbus, Ohio, Feb. 12.—Company commanders of the Fourth and Sixth regiments Ohio national guard, have received, it is stated, secret orders to hold their men in readiness for service in connection with the alleged determination of Governor Nash to prevent the Jeffries-Rublin contest, set for Friday night in Cincinnati.

State officials profess to have no knowledge of the issuance of such orders, however.

That the orders have been issued is pretty definitely known and, in view of the fact that the state officials maintain ignorance on the subject it is thought in some quarters that Colonel Potter and Stanbury, commanding the Fourth and Sixth regiments respectively, knowing that Governor Nash had declared his intention to prevent the fight, with troops if necessary, have anticipated a call to arms and merely prepared for such possible action by notifying their captains to be ready for eventualities.

It is maintained, however, by those conversant with the practice in such cases, that the colonels would not have taken such action on their own initiative.

A CONFERENCE HELD.

Cincinnati, O., Feb. 12.—A Times-Star special from Columbus says: Governor Nash was in conference today with Adjutant-General Clegar, and that a telegram was sent to General McMaken at Cleveland, ordering him to adjourn his court martial until Monday. This is taken to mean the adjutant is to relieve the officer as they will be available for use Friday night if necessary. In private conversation today Governor Nash indicated his attitude toward the Jeffries-Rublin fight will be determined by Judge Holdmaster's decision in the suit for injunction.

MARRIED THIS MORNING.

The wedding of William A. Fleming and Miss Cecelia Graffe took place this morning at 9 o'clock at the Cathedral, Rev. John P. Durham performing the ceremony. Miss Sadie Fleming, sister of the groom, and Henry Graffe, the bride's brother, were the attendants. As the couple entered the church the beautiful wedding march from Lohengrin was played and during the ceremony the Cathedral choir rendered a special program of appropriate music, the offertory being sung by Mrs. E. H. Kirkland. At the conclusion of the ceremony, which was witnessed by a large number of the friends of the young couple, the bridal party returned to the home of the bride, at 97 Harrison street, where a wedding breakfast was served, the guests being relatives of Mr. and Mrs. Fleming. The bride is a young lady well known in social circles and the groom, who is secretary and treasurer of the Berghoff Brewing company, is a representative young business man.

ANOTHER SMALLPOX CASE.

Another case of sporadic smallpox has been reported by the county board of health. The victim is a young man named Otto Mellin and his home is just outside the city limits near the east yards. The supposition is that he contracted the disease on Oliver street. The Mellin residence has been quarantined and County Health Officer Proegler today wrote Superintendent McKim, of the Pennsylvania road, asking that he issue an order requiring all employees at the east yards and shops to be vaccinated. There are now five cases in the city. Two on Superior street, two on Oliver street, and this new case, neither of which is serious, and all are convalescing except the one reported yesterday.

Phil Kohn, who was injured in a fall a few weeks ago, resulting in the fracture of a couple of ribs, is improving and is able to be up and about again, but will be confined to his home for several more weeks.

Mrs. E. P. Green has recovered from an attack of the grip at Canton, N. Y., by the use of Dr. Miles' Nerve and Pills.

Among the victims of the grip epidemic now so prevalent, F. Coyle is now recovering at Canton, O., by the use of Dr. Miles' Nerve and Pills.

W. L. Nihells, of St. Louis, Mo., who was down with grip, is reported much improved. He used Dr. Miles' Nerve and Pills.

The friends of Mrs. L. Denison will be pleased to learn of her recovery from grip at her home in Bay City, Mich., through the use of Dr. Miles' Nerve and Pills.

Everybody says that J. W. Udy is looking splendid since his recovery from the grip at his home in Des Moines, Iowa. They all know that Dr. Miles' Nerve was what cured him.

Deputy Attorney Charles L. DeWitt, who has passed the three-year stone, had a time with the grip, but when seen at his home in Rosemont, Mich., the other day, he said Dr. Miles' Nerve was what cured him.

At nearly three score and ten Mrs. Helen Humphrey was fighting against odds when the grip attacked her, but she took Dr. Miles' Nerve and now her neighbors in Wareham, Mass., remark on how well she is looking.

After an illness of five weeks from the grip, Mrs. Harriett Jackson is again about and looking fine. She began taking Dr. Miles' Nerve after the fourth week. Her home is in Bowling Green, Mo.

COMPANY FORMED

NEW WHOLESALE CONCERN FOR FORT WAYNE.

FORT WAYNE IRON STORE CO.

TO OCCUPY OLD PRESBYTERIAN CHURCH BUILDING.

WILL REACH NEW TRADE AREA

NOT REGULARLY COVERED BY MOSSMAN, YARNELLE & CO.

Within a few days articles of incorporation of the Fort Wayne Iron Store company will be filed, and the new organization will be an important addition to commercial circles in Fort Wayne. It will do an exclusively wholesale business in iron, heavy hardware and wood supplies for the building of vehicles, and will occupy the building of the old Third Presbyterian church at Calhoun and Holman streets, which was purchased last fall by Mossman, Yarnelle & Co. The members of that well-known firm are the leading spirits of the new organization, and associated with them in the new enterprise will be three of their old and trusted employees. These are W. A. Diefenderfer, who has been chief accountant of the firm for the past fifteen years, and Henry J. Miller and B. H. Schele, who have for a number of years been traveling salesmen for Mossman, Yarnelle & Co.

TO REACH NEW AREA. The line of goods carried will be identical with that of the old firm, and the new organization is made necessary by the growth of the detail of business with the old firm. There has been a gradual and increasing demand from a wide area of territory which is not regularly traveled by the six salesmen of Mossman, Yarnelle & Co., and the new concern was formed in preference to establishing a new department of the old firm to handle this outside business. It at the same time afforded Mossman, Yarnelle & Co. an opportunity to peacefully and substantially show their appreciation of the efforts of several of their old employees. The associated partners in the new concern will, however, retain their positions with the old firm, and the business of the new company will be transacted by catalogue and mail order methods. It will not for the present, at least, put salesmen upon the road.

FITTING UP BUILDING. For some weeks a force of workmen have been engaged in transforming the old Third church building to meet the requirements of the business, and several carloads of stock are already stored there. A handsome suite of offices is being fitted up, and Mr. Bailey, an experienced iron man who comes from Reading, Pa., will be installed as manager, though the officers of the company will devote some attention to a supervision of the business. It is expected the business will be inaugurated about March 1, and Mr. Yarnelle stated this morning that there was a wide field for it. The territory now reached by his firm includes Ohio, Indiana, Illinois, Michigan, Pennsylvania, and a part of New York, West Virginia and Kentucky, while the sphere of the new company's business will extend a much greater distance from Fort Wayne.

WITNESSES AND BESOMS.

An exciting curling game took place yesterday afternoon at Centerville's rink between rinks skipped by David McKay and Malcolm McInnes. The two rinks were evenly matched, and the score resulted in a tie, 14 to 14. The personnel of the opposing sides was as follows: David McKay, skip; George Miller, George Thum, and Fred J. Hayden. Malcolm McInnes, skip; John Gillie, James Gillie, Charles E. Cantliver. On Thursday two picked rinks will go to Grand Rapids and take part in the national tournament, in which some of the greatest curlers in the country will participate.

PILES CURED WITHOUT THE KNIFE.

Itching, Swelling, Bleeding or Protruding Piles. No Cure, No Pay. All druggists are authorized by the manufacturers of Pato Ointment to refund the money where it fails to cure any case of piles, no matter of how long standing. Cure ordinary cases in six days, the worst case in fourteen days. One application gives ease and rest. Relieves itching instantly. This is a new discovery and is the only pile remedy sold on a positive guarantee, no cure no pay. Price 50c. If your druggist doesn't keep it in stock send us 50c in postage stamps and we will forward same by mail. Manufactured by PARIS MEDICINE CO., St. Louis, Mo. Agents: Laxative Bromo-Quinine.

GOES TO INDIANAPOLIS.

Rev. J. A. P. McGaw, D. D., pastor of the Third Presbyterian church, will go to Indianapolis on Thursday to attend a meeting of the synodical committee as a delegate from the Fort Wayne Presbytery. This body was

organized at the annual synodical meeting held in 1900, and consists of a delegate from each Presbytery in the synod. It is a new departure, and it is believed that it will be most successful. The committee will arrange to supply pulpits that are vacant and it will also endeavor to secure charges for Presbyterian ministers who are without an appointment. Dr. Leeper, of this city, was chairman of the committee, and it is possible that a successor may be chosen, owing to Dr. Leeper's resignation of the pastorate of Westminster Presbyterian church. The committee will probably make arrangements for a temporary pastor for Westminster church, pending the selection of a successor to Dr. Leeper.

IT FILES A BIG MORTGAGE

STANDARD WHEEL COMPANY BORROWS \$300,000.

The Once Great Trust Seems to Have Encountered Hard Luck In Business Way

The Standard Wheel company, a trust which was organized several years ago for the purpose of controlling the wheel trade of the country and which is responsible for the loss to Fort Wayne of an industry wherein 450 men found steady employment, seems to have encountered "troubles" upon the financial sea. At least a clipping from the Indianapolis Journal indicates a severity of cash in the wheel company's treasury. The Journal says: "The Standard Wheel company yesterday mortgaged all of its property in this and other states to the Illinois Trust and Savings bank, of Chicago, and John T. Beasley, of Terre Haute, for \$300,000. The payments are to be in gold-bearing bonds at 6 per cent. interest, and will be in denominations of \$1,000 each. The first fifteen mature in 1902 and the final payment will be made in 1911, when all the bonds with the exception of 105, will have been paid. Attached to the mortgage was \$300 in revenue stamps. The property in Indianapolis affected is only a small portion of the entire holding of the company."

HOW TO TELL THE GENUINE.

The signature of E. W. Grove appears on every box of the genuine Laxative Bromo-Quinine.

Mrs. William Lyon and children arrived today and are the guests of Mrs. Lyon's uncle, Dr. J. A. P. McGaw, of the Third Presbyterian church. Mrs. Lyon is the wife of William Lyon, the famous missionary who spent a number of years in China, but who was recently ordered home on account of failing health. Mrs. Lyon, who is on her way to the home of her father in Elvaston, Ill., will address the congregation of the Third church at the regular prayer meeting tomorrow evening.

PIONEERS PASS FROM EARTH

ERNEST EICHHOFF DIES AT HIS ADAMS COUNTY HOME.

William Prange Succumbs at An Advanced Age—Other Deaths and Funerals.

Countless friends among the older residents of Fort Wayne will be pained to learn of the death of Ernest Eichhoff, which occurred Monday at his home near Freidheim, in Adams county. Death was due to the infirmities of age.

Mr. Eichhoff was born in Freus-Minden, Germany, 80 years ago. He came to Fort Wayne in 1816, and for several years worked upon the canal here with J. F. W. Leyer and others who have since become prominent in the affairs of the city. Mr. Eichhoff then removed upon a farm in Adams county, where he has lived a successful and contented life. The wife and nine children survive him. Funeral services will be held Wednesday afternoon at 1 o'clock from the Lutheran church at Freidheim, Rev. Prange officiating.

FRANGE.

William Prange, for many years an esteemed resident of Allen county, died Monday evening from lung trouble at his home on South Broadway, just outside the city limits. Mr. Prange had been seriously ill for some weeks.

Mr. Prange was seventy-three years of age. He was born in Freus-Minden, Westphalia, came to America in 1845, settled in Allen county, cleared a farm and for nearly sixty years was prominently identified with the most substantial citizenship of this city. Surviving are the widow and six children—William and August Prange, Mrs. Sophia Gerke, Mrs. Emma Klein, Mrs. Louise Wolcy and Miss Tillie Prange.

Funeral services will be held Thursday afternoon at 1 o'clock from the residence and at 2 o'clock from Emmanuel's church, Rev. C. Gross officiating.

RICHARDS.

Philip T. Richards, residing at 11 Lavina street, died at 11:30 o'clock this morning, after an illness of two weeks, from typhoid fever. Mr. Richards was 40 years of age, and surviving him are the widow and three children—Charles, William and Miss Nettie Richards. Mrs. Louis Martin, of this city, is a sister, and a brother of the deceased resides at Lima, Ohio.

Mr. Richards was a member of Fort Wayne lodge, No. 14, I. O. O. F., and of the National Union. The funeral services will probably be held on Sunday.

BIRELY.

Frederick Birely, the infant son of Mr. and Mrs. Clarence L. Birely, died this morning at the family residence, 19 St. Mary's avenue, at the age of 2 months and 8 days.

FUNERAL ANNOUNCEMENTS.

Errese.—Funeral services of Frederick Errese will be held Wednesday afternoon at 1:30 from the residence, 178 West Creighton avenue, and at 2 o'clock from Emmanuel's Lutheran church.

Meehan.—Funeral services of Mrs. Mary Meehan will be held Wednesday morning at 8:30 from the residence, 200 East Jefferson street, and at 9 o'clock from the Cathedral.

Barnard.—Funeral services of Mrs. Augusta Barnard will be held Wednesday afternoon at 1 o'clock from the residence, 37 Walnut street, and at 1:30 from the West Jefferson Street Church of Christ, Rev. Z. A. Harris officiating. Interment at Lindenwood.

BLAZE IN LAKESIDE.

The bedding factory of J. W. Morrow, located in a large barn at 48 Columbia avenue, was damaged by fire to the extent of \$100 this morning. The blaze communicated to the ceiling from the smokestack, and ran along a partition to the roof. The department quickly got it under control.

HEADACHE CAUSES.

Headache is usually caused by living in poorly ventilated rooms, over-indulgence in food or drink, insufficient exercise, mental strain, excitement or malaria. Krause's Headache Capsules quickly cure the most severe cases and leaves the head clear and cool. Price 25c. Sold by Dreier & Bro., corner Calhoun and Columbia streets.

The regular monthly meeting and smoker of the Commercial club will be held Thursday evening. On Friday evening there will be a meeting of the solicitors for the Auditorium fund.

POPE WILL TAKE PROCEEDS

London, Feb. 12.—A dispatch from Madrid says that the pope has determined that the proceeds from the property of the friars in the Philippines, if the friars sell the property and leave the islands, will go into the treasury of St. Peter's. His holiness permitted the friars to hold estates for the support of the missions and if the missions are abandoned the church will devote the money to the support of missions elsewhere. The Spanish ambassador to the Vatican, Senor Pidal, who was recently appointed to this post, had intimate relations with the pope and will soon begin to discuss the questions affecting the interests of Spanish church orders.

A COSY CORNER.

About the Coziest Place in Town is in Frank's Window.

Cosy corners are all the style! And that means that if you want to be quite up to date in the new century, you must have an oriental cosy corner in your home. That will not be a difficult matter if you but learn what to use, while if you want to get new things and don't know what to get, just take a peep at the beautiful window of the Frank Dry Goods store. There you will see one of the prettiest sights of your life. Everything there is rich in coloring, tasteful in design—in fact altogether charming. Everything is oriental. The "cosy corner" looks so attractive with its rugs and draperies and cushions that you immediately want to buy the whole of it, except the lady who sits there, and you wouldn't object to her gown. The window represents a room and it is filled with rugs, draperies and knick-knacks, such as delight a woman's heart, and a man's too, sometimes. Besides there are Japanese calendars and fans, pieces of bric-a-brac and a swinging lamp. Look at it all and you'll not only learn what to use to make a cosy corner but also where to buy the necessary things.

A. W. McEllen, traveling salesman for the Rothchilds paper house, has recovered from an attack of grippe.

Mrs. Sanger, of 29 East Dewald street, suffered painful injuries from a fall on the slippery pavement yesterday afternoon.

Mrs. S. A. Newcomer has removed from the Harmon hotel, which she recently sold, to her home on Thomas street.

Mr. and Mrs. Hal Ferguson, of Eaton, Ind., were the guests yesterday of William Schiefer and family, on East Main street.

Mr. and Mrs. Herman Hobrock gave a sleighing party last evening, to the home of Mr. and Mrs. Henry Stelhorn in the country.

Warsaw Times: "Dr. E. Parker White and daughter, Ignatia, of Fort Wayne, returned home last evening after a short visit in this city."

Congressman Robinson will deliver an address at the celebration of the anniversary of Odd Fellowship by Garrett lodge, No. 602, on April 28.

Bluffton News: "Miss Jessie Porter went to Ostran today to meet a sleighing party of fifteen couples who came to her home tonight from Fort Wayne."

Bluffton News: "Chester Thorpe has resigned his position with Mr. Johns, of Fort Wayne, to take a place with the Lada Manufacturing Co., of St. Louis, Mo."

The last of the series of progressive pedro parties to be given by the Knights of Columbus before Lent will be given in Knights of Columbus hall on Wednesday evening.

E. A. May, who succeeds Fred Van Dusen as district superintendent of the International Correspondence Schools, has removed his family here from Youngstown, Ohio.

The ladies of the Third Presbyterian church will be entertained at a social tea at the home of Mrs. William Palmer, 406 Lafayette street, Thursday afternoon, from 2 to 5 o'clock.

E. S. Hays and Jacob Bill, jr., will go to Evansville, this evening, to attend the state convention of the Modern Woodmen. They are delegates from the local lodge and Mr. Bill will be a candidate for delegate to the national convention to be held in St. Paul next June.

The ladies of the Winter Picnic club and the gentlemen were entertained last evening at the home of Mr. and Mrs. F. E. Barrows. The event was a surprise and an evening of great pleasure was spent. A supper was served, and later the guests enjoyed progressive pedro.

Columbia City Post: "Dr. C. S. Williams received notice this morning that he would be expected to be in attendance at the meeting in Fort Wayne Tuesday evening of the Allen County Medical society and have a paper on 'Senile Gangrene.' The officer of Little Whitley will not disappoint the other members of the society but will be on hand with his bouquet in its proper place and a paper that is fresher and brighter than the fresh cut carnations."

Feeds the Hair

Have you ever thought why your hair is falling out? It is because you are starving your hair. If this starvation continues, your hair will continue to fall.

There is one good hair food. It is Ayer's Hair Vigor. It goes right to the roots of the hair and gives them just the food they need. The hair stops falling, becomes healthy, and grows thick and long.

Ayer's Hair Vigor does another thing, also; it always restores color to faded or gray hair.

One dollar a bottle.

If your druggist cannot supply you, send us a note and we will send a bottle to you, all charges prepaid. Be sure and give us your exact address. If we will not supply you, we will not send you a bottle.

See the man has been to the Hair.

CEMETERY DIRECTORS.

At the annual meeting of the Concordia Cemetery association, held Monday evening at St. Paul's church, directors were chosen as follows:

St. Paul's: Henry Wehnerberg; Emanuel's: Henry Hill; Zion's: William Mueller; Trinity: William Aumann; Concordia: Frederick Albertmeier.

Three years: Julius Tonne, two years: Conrad Forster, one year.

Emmaus: August Freese, two years; William Mueller, three years; Henry Wehner, one year.

Dime matinee tomorrow.

BAKED ARGUMENT.

When you buy crackers, don't take the dealers word for too much. Taste them and let their flavor argue their merits. When you do this there isn't a doubt but that you will select Fox's "Forex" Butter Crackers.

HAS NO REPORT.

The city health office this morning had no report of the smallpox case which was discovered in the east end yesterday afternoon. While the case was found outside the city limits, it is so little outside that it appears it should be a matter of recognition by the city authorities and should be reported there as quickly as though it was found inside the city.

SWEDEN'S QUEEN ILL.

Stockholm, Sweden, Feb. 12.—Queen Sophia, who has been suffering from an attack of grip, is still confined to her bed, but the fever, which, with sleeplessness, had been accompanying her illness, has disappeared.

WATERLOO MAN BANKRUPT.

Jacob Loewenstein, a dry goods merchant at Waterloo, has filed a petition in voluntary bankruptcy in the United States court in this city. The liabilities are placed at \$22,004.25, with assets of about half that amount. Willis Rhoads and Frank S. Roby, of Auburn, are the petitioner's attorneys.

COFFEE KNOCKED HIM.

Couldn't Move for 4 Hours After Drinking Two Cups.

When coffee drinking affects a man's health so badly that he has to be put to bed for 4 hours after drinking two cups at dinner, it is high time he quit.

That was the experience of Mr. Hood, in Geneva, Mich. His wife writes: "I consider that Postum saved my husband. For two years he had been troubled with his heart, and kept getting worse. I finally induced him to make the experiment of leaving off coffee and taking Postum Food Coffee, and he improved rapidly, but one day drank two cups of strong coffee for dinner and had to lie on a bed for four hours before he could move, since that time no coffee is used, but Postum all the time. He has entirely recovered his health, has no more trouble with his heart, and says he likes Postum better than he ever did like the old fashioned coffee."

A number of our neighbors use Postum altogether to the exclusion of ordinary coffee. Once in a while I find a person who has tried Postum and does not like it, but always find, upon inquiry, that they tried to make it by boiling it 5 or 10 minutes, which absolutely will not do. It must be boiled 15 or 20 minutes after the boiling begins. Put in a little piece of butter to prevent it from boiling over, and you will have a delicious, palatable, and nourishing beverage." Ada Hood, Geneva, Mich.

CHURCH NOTES.

There will be a social afternoon for members of the Y. W. C. A. at the home of Mrs. John Evans, 120 East Main street, tomorrow afternoon, from 2:30 to 5 o'clock.

The monthly social of the ladies of Salem Reformed church will be held on Thursday afternoon in the hall in the rear of the church. The young people will hold their regular meeting Wednesday evening.

The monthly meeting of the Epworth League of Trinity M. E. church was held last evening. There will be a meeting of the stewards of the church this evening.

The joint council of the Third Presbyterian church will meet this evening instead of Thursday evening. Dr. McGaw goes to Indianapolis Thursday and it was decided to change the time of meeting.

OBITUARY.

(In today's remembrance of little Celeste Kahan.)

How we wish to see you coming. How we wish to hear you call. How we miss you, Celeste darling. One we loved the best of all.

When the angels called you, loved one, Come up higher, Celeste, dear. You have won a crown in heaven For those pains you suffered here.

Nore could we see you in your cradle. Pure and white and oh, so fair. Though you were so pure an angel. As you lay so silent there.

TURN ON THE AIR.

C. G. Fox Installs a Fine Plant in the Wayne Barber Shop.

Chas. G. Fox, the well known plumber, steam and gas fitter, of 80 Taylor street, has just completed the installation of an automatic air system in the Wayne hotel tonorial parlors. The system is run by one of the "Big Wonder Pump" motors. The air is used for spraying the face, drying the face, hair, and, in fact, about everything for which old style barber shops use a towel or fan. The system is such a wonderful improvement that patrons of the shop feel like being shaved twice a day just to experience the delightful sensation of the use of the air. The proprietors have nothing but the highest praise to tell in regard to the system and the skillful manner in which Mr. Fox placed the outfit. There is no doubt that other leading shops in the city will, in the near future, install plants of the same kind, if the numerous inquiries that are coming to Mr. Fox in regard to price of plant, etc., are an indication.

Milan was called a king, but he was in reality the knave of the royal pack.

Mrs. Nation's rear platform campaign is picturesque, but is likely to have no more effect than rear platform campaigns usually have. She will spread the disturbance and make few votes.

It is now reported that Mr. Carnegie has outwitted Mr. Morgan and that the big steel deal is off. So, so. But while Mr. Carnegie has doubtless pocketed a pretty profit from the game, Mr. Morgan will lose nothing. Keep your eye on the price of coal.

There was something rational in the means taken by Topeka citizens to use the outlawed "joins" in that way, and that it always pays to be anal is proved by the sequel. Two thousand determined men thing to call upon the authorities. All else the law above contempt are to get a hearing for their count. How long enforcement of the will continue in Topeka will depend largely upon the citizens who given the present impetus to Subjunctive of law-enforcement. If

they conclude that having made themselves heard and heeded there is no more to be done, they will soon find themselves undone. They can continue to hold the reins or resign them to the "jointers."

Ex-King Milan of Servia is dead. His only mourners are probably his creditors. He lived detested and his memory will survive only because execrated. There was no more royalty in his blood than kingliness in his conduct and bearing. He was the champion heavy-weight debauchee of the world and his life after he had abdicated his throne was of such infamy as to make him a conspicuous figure in the world. While he reigned he was the distraction of his country and after he had lost his scepter he continued to be his country's most serious menace. He gave the world an example of thorough consecration to pursuit of dissolute pleasures. It is not often a man is found of whom it may be truth be said he was wholly bad, but such a man indeed was Milan of Servia. It is well that he is dead. It would have been better had he never lived.

Congressman Sulzer makes a mistake when he charges Hon. Perry Smyth with responsibility for the engrainment of the Napoleonic Mr. Neely on the Cuban administration. Mr. Heath's smiling civility makes him immune to responsibility for anything unpleasant which happens in politics. It may have been Hon. Perry Smyth's brother, or his other brother, or his cousin, or his brother-in-law, or great-aunt—for the tribe of Heath doth take to politics and public office like a babe to mother's milk—who placed Neely in communication with the movable assets of Cuba, but it was not Perry. This doesn't need to be proved; Hon. Perry Smyth Heath will admit it frankly. And so Congressman Sulzer makes a mistake. If he had charged Perry Heath with making McKinley president and McKinley's administration the biggest thing created by the hand of man there would be prompt admission of the soft impeachment. But Neely—fought Neely smells of prison soil.

We would like to see a more lively public interest in the affairs of the Fort Wayne School of Art. The school is doing a laudable and valuable work in this city and its efforts are hampered by a want of wider cooperation. The cultivation of a healthy art sentiment is not a task that a few persons are pursuing in any unctious spirit that flatters itself there is a superior distinction in patronizing art. A spirit that loves genuine culture for what it does to make individuals as well as the community appreciative of the good that lies in a cultivated sense of the beautiful pervades the work of the art school. The patrons of the school give their support at considerable personal sacrifice for the school is by no means self-sustaining, a very substantial proof that their interest in art culture is not faddish. The school

has sought to promote its work by a series of entertainments which have been failures so far as conferring wide benefits. Its lectures have been so poorly attended as to accomplish little in the way of education and still less in realizing any financial support for the school. The lecture at the Commercial club tonight ought to be given a patronage worthy of its purpose and worthy of its merit. It is the last of the series and members of the school will doubtless feel some discouragement if it elicits no greater display of public interest than those heretofore.

A FEAR OF FOUL PLAY.

Hartford City, Feb. 12.—There is still no cause known for the disappearance of William Thomas who left his home in Upland, two months ago to make purchases in this city, with \$700 in his possession, and the authorities of the two counties are baffled in the search. Not the slightest trace of the missing man has been found. Meanwhile his young wife, soon to become a mother, is almost insane with grief, and his aged mother is slowly dying. His friends fear that he was murdered by thugs and his body was concealed.

KILLED ON A CROSSING.

St. Louis, Feb. 12.—L. M. Trumbull, former general counsel for the Texas Pacific Railway company, was instantly killed today by a passenger train at a crossing in Webster Grove. He did not see the train coming and stepped in the way. Ruby Trumbull, son of the deceased, was killed in the same manner at San Antonio, Texas, three years ago. Mr. Trumbull formerly lived in Dallas, Texas. He had been attorney and general counsel for the Texas Pacific road for twenty years previous to his retirement a year ago.

IN A LIFE TIME WILL YOU GET AN OPPORTUNITY LIKE THIS.

High Grade Pianos Will be Sold at Actual Cost.

After invoicing I find that I will have to have more room for the large stock of Pianos and Organs which I have purchased and expect to arrive within the next thirty days, and in order to get the required floor space I will offer the following well known makes of Pianos at actual cost:

Two of the popular Vose & Sons.
One Kravich & Bach.
One Regent.
One Wellington.

These Pianos are as good as the day they came out of the factory, with the exception that they are slightly shop worn; not noticeably so.

All these instruments are of standard makes and no dealer in the country can show you a better line or offer them at less prices. Especially is this so of the Wellington, which at \$118 is the greatest Piano bargain ever offered anywhere. Any one of these instruments can be bought on the easy monthly payment plan. If you are thinking of buying a Piano here is the opportunity of a life time, one you cannot afford to overlook.

We are headquarters for all kinds of musical instruments, from a mouth harp to the equipment for a brass band; also everything new in sheet music.

STRIKE A GUSHER

WONDERFUL OIL WELL BORED NEAR HARTFORD CITY.

FLOWS 7,000 BARRELS DAILY

GREAT EXCITEMENT IN THE OIL FIELD.

HAPPENINGS IN HOOSIERDOM

GENERAL NEWS OF THE STATE OF INDIANA

Hartford City, Ind., Feb. 12.—Tremendous excitement was caused in oil circles in this county yesterday afternoon by the striking of the greatest gusher that has ever been drilled in the state or in any northern oil field. Its only counterpart is the famous 25,000 barrels a day gusher at Beaumont, Texas, but that bears no comparison in value to the Indiana well because of the low grade of its product, which makes it unsuitable for refining.

Yesterday's gusher was struck in the Blackford county oil field yesterday afternoon. The unexpected and most tremendous output is not yet under control and five acres of land surrounding the marvelous producer are inundated with the crude oil. The well is located on the Joseph Bird farm, in Washington township, this county, and in the center of a ten-acre tract. It is exactly six miles northwest from the court house in Hartford City and eight miles west of Montpelier.

The well after being shot commenced to flow in a solid stream from six and one-half inch casing and has kept up its remarkable flow ever since. It is surrounded by much land, into which the oil sinks rapidly. The well was started by the Manhattan Oil company, but after the sale of the company's product and territory to the Standard it was transferred to the big trust, which now owns the well.

James Curtin, the contractor of the well, and Earl Ross, the man who drilled the monster, were seen today in regard to the rich strike. Both state that the well is by far the largest they have ever encountered. Two donkey pumps which have a capacity for handling 7,000 barrels a day or over cannot take care of the output and both the men place the estimated output at from 10,000 to 12,000 barrels. They claim the well is a crackerjack and that the enormous output cannot be maintained any great length of time.

The wildest excitement prevails in oil circles, and though the news did not reach the city until late last evening, hundreds of visitors and speculators began preparing to drive out today. At the present output the well is earning \$8,020 a day and is many times more valuable than the Texas well, for the reason that it can be refined and is devoid of sediment or water. Contractor Curtin says he would not give it for forty wells like the Beaumont monster.

Tank builders are at work erecting tanks. The well is not in new territory and most of the surrounding land is under lease.

MINISTERIAL POSSIBILITIES.

Anderson, Ind., Feb. 12.—It is said that the Revs. W. D. Parr, of Fort Wayne; L. F. Naffziger, of Muncie; C. King, of Elkhart; A. W. Lampert, of Richmond; H. N. Herrick, of Wabash; C. U. Wade, presiding over Muncie district; Mitchell Marble, of the Kokomo district; J. A. Llewellyn, now serving as elder; S. G. H. Hill and B. H. Kemp, are candidates for presiding elders at the coming meeting of the North Indiana conference, to be held at Elwood in April. The presiding elders are now located in the northern part of the conference boundaries. All are opposed to the recommendation submitted at Elkhart last year that the present conference reduce the number of presiding elders to three.

VETERAN FROZEN TO DEATH.

Marion, Ind., Feb. 12.—Michael Sullivan, an inmate of the Soldiers' Home, was found in an unconscious condition near the Pin Handle railway bridge, a short distance from the home grounds, his body being frozen almost stiff. He was removed to the hospital, where death resulted. During the civil war he served in Company F, Seventeenth Indiana.

SAD LIFE ENDED.

Winchester, Ind., Feb. 12.—The mutilated body of John Stevenson, aged 50, a veteran tailor of this city, was found on the Big Four track one-half mile east of the city. He was horribly mangled and was beheaded, having been run over by the west-bound passenger train. On Mr. Stevenson's failure to come to supper his wife sent one of his sons to his tailor

DR. C. W. CROPSEY.

Nashby Building, Toledo.
Whose Wonderful Healing Powers are Attracting Widespread Attention.

Exception Rooms, 617-618 Nashby Building, Toledo, Ohio.

Dr. Cropsey, Vital Healer of Toledo, will be at the Arline Hotel, Fort Wayne, Saturday, Feb. 10, 10 a. m. until 5 p. m., one day only, where he may be consulted free by afflicted who have failed to get relief by medicine. Dr. Cropsey comes to this city by arrangement; to visit an afflicted citizen and may give a course of vital treatment here. The doctor uses no medicine in the treatment of any disease, or weakness; his patients are enthusiastic in praise of what he has done for them; and attributes the remarkable healing power to human magnetism, or electricity. Thousands of afflicted have been healed at Toledo, the doctor's home. Afflicted who will receive the Illustrated Journal, containing important information.

shop, where he found a note saying, in part:

"I am getting old and my sight is failing me. It is better that I should end it all."

Searching parties were at once sent in all directions, but they failed to intercept him. It is evident that he was lying close along the track, and when the train came threw himself in front of it. Of his two sons, one worked in his father's shop, and the other is Dr. Lloyd Stevenson, late of Indianapolis.

DID HE LEAD DOUBLE LIFE?

Elkhart, Ind., Feb. 12.—A young man who had been in this city for four weeks, committed suicide here last Wednesday. A woman calling herself his wife said that his name was Leslie Cummins, and that his stepfather lived at Battle Creek, Mich. Being without means, she was entertained prior to her departure by the most exclusive people of this city, who purchased flowers for her husband's casket. The woman had a boy, aged four years, with her. A telegram sent to the alleged stepfather was returned undelivered. Last Thursday, Mrs. George Rathburn, of this city, identified the dead man as her nephew, Leslie Haas, aged 25, who was a barber by trade, but had sought work as a paper hanger and locomotive fireman.

The dead man's mother, Mrs. Martin Haas, a widow of Battle Creek, Mich., wired here to forward the body. She was amazed to learn that her son's wife was at Elkhart, supposing that his wife was at Fenton, Mich., where she had telegraphed the wife news of her husband's death. A sister of the dead man came here Saturday for the body and to meet the alleged widow, who, however, had left the city, ostensibly for Battle Creek. Before she left the widow declared that she had married Leslie Cummins five years ago; that she had never known him by any other name, and that the boy was his son. From the description of the widow, the dead man's sister was emphatic that the woman was not her brother's legal wife. The sister identified the dead man as her brother.

SAYS KEITH IS INNOCENT

Princeton, Feb. 12.—Ed Richardson, aged twenty-five, a resident of Oakland City, states that Joseph D. Keith, now under sentence to be hanged for the murder of Nora Kifer, is not guilty. But that a former sweetheart and his pal killed her April 11. Richardson lived at Elberfeld when she disappeared. He claims the girl's lover told him in October: "I know about Nora Kifer. I know where she is. Joe Keith did not kill her. I gave my companion \$25 to bring her out on the night of April 11. We drove south down the old towpath. My pal had a hammer in his buggy and we killed her with that."

Richardson said he told the man he could not keep such a secret, and that he was given \$20 and told to keep still. According to Richardson's statement the man further said Nora Kifer had to give him back the things he bought her or to marry him because he had expended much money for the girl and she had not treated him right.

Richardson is now in jail here on a charge of gambling and comes from a good family. He never saw Keith until he was put in jail with him. Richardson goes into details of the alleged confession made to him and names the liverman where he says the buggy was procured. The man, he claims, loved the girl to distraction, but it seems she did not love him. He says the accused man took an active part in the prosecution of Keith.

A CALL TO ARMS

KANSAS STATE TEMPERANCE UNION IN WAR

TO WIPE OUT THE TRAFFIC

WANT TOPEKA EXAMPLE FOLLOWED ELSEWHERE.

DETERMINATION IS URGED

RIOT AND DESTRUCTION TO BE AVOIDED.

Topeka, Kan., Feb. 12.—Secretary Stephens, of the Kansas State Temperance Union, has issued the following manifesto:

"The officers and executive committee of the State Temperance Union recommends and urges energetic and persistent law enforcement action in every part of the state, following the example of the citizens of Topeka, Holton and other cities.

"The hour for action has come. Let it be at once, and in the most orderly and determined manner, without riot, bloodshed or destruction of property.

"Nullification has definitely trampled the laws of the state under foot until patience has ceased to be a virtue. If, under existing conditions, the people now act, not rashly, but vigorously and simultaneously, every joint and questionable resort can be banished from Kansas."

CONFUSING STREET NAMES.

In the work of reorganizing the street numbering system the city engineer has discovered a number of streets which bear similar names and which are likely to create confusion. For instance, there is a Johns street and a Johns avenue, a Lavina street and a Lavina avenue, a Packard street and a Packard avenue, etc.

Then again there are streets which have a slight jog in them, although practically the same street, which are called by different names; like West Fourth street and Abolt street, for instance. An ordinance will be introduced this evening at the council meeting to have duplicate names abolished and to have continuation of streets bear the same name.

The ordinance will provide for the following changes: Johns avenue, from Fifth avenue to Hoagland avenue, to be known as Darrow street; Simon street, from Pontiac street to Leith street, to be known as Jane street; continuation; Lavina avenue, from the Pennsylvania tracks to Guthrie street, name to be chosen; the road along the south city limits, from Fifth avenue to the St. Mary's river, to be known as Richardson avenue; Edgeron street, from Winter street to Walton avenue, to be known as Greene street; St. Joe street, from Wells street to Orchard street, to be known as Brossard's lane; Abolt street, from Sherman street to the western city limits, to be known as Fourth street.

MUST GIVE A LOCATION.

[Huntington Herald.] The proposition of Messrs. Reed, Townsend & Co., the electric line builders, to locate their general offices, car shops, power house etc., in Huntington, has been placed in tangible shape and will be submitted to the citizens at once. It is as follows:

"Huntington, Ind., Feb. 11, 1901. To the Citizens of Huntington: Gentlemen—We made a proposition some time ago to your citizens that, provided you secured for us a location, four our power house and car barns in your city, and would supply us in addition thereto with all the water that is needed for operating the railway plant within the corporate limits of your city, that we would locate our shops, power house and car barns in your city. We submit to you a plat of the land required for the buildings, also showing the location of the same, and the same is acceptable to us."

"When the grip left me my nerves and heart were badly affected, but I began taking Dr. Miles' Nervine and Heart Cure and was soon all right."—Wm. Roericht, Eau Claire, Wis.

"I was given up to die from heart and nervous troubles caused by grip. Six bottles each of Dr. Miles' Heart Cure and Nervine cured me."—Mrs. John Weller, Jefferson, Wis.

"My heart was badly affected by an attack of grip and I suffered intense agony until I began taking Dr. Miles' Heart Cure. It made me a well man."—S. D. Holman, Irasburg, Vt.

"I was in bed five weeks with the grip—nerves shattered, stomach and liver badly deranged. Was cured with Dr. Miles' Nervine and Nerve and Liver Pills."—D. C. Walber, Zalusville, O.

"I was in bed five weeks with the grip—nerves shattered, stomach and liver badly deranged. Was cured with Dr. Miles' Nervine and Nerve and Liver Pills."—D. C. Walber, Zalusville, O.

us. We have the plans and specifications prepared for the building, and we are now ready to let contracts. Our engineer, at our solicitation and expense, has secured options on the property mentioned and the same can be closed up or purchased without further delay. Inasmuch as we are in a great hurry to let the contracts for our buildings, we must decide on the location of the same immediately. Therefore, it would be necessary for us to have an answer from your citizens on the matter not later than February 10th. (Signed.) "Townsend, Reed & Co., "By W. S. Reed, V. P."

The plans of the power house show a brick building 70x95 feet, and of the car barns, etc., 72x170 feet. The estimate of the money to be expended by the company for their erection is about \$95,000. A cash donation of about \$5,000 is required to purchase the lands upon which options have been secured, in addition to the donation of water. The boundary lines of the ground secured for the buildings is between First, Lewis and Simon streets.

WANTED COUCHES OF DOWN
WEARY WILLIES OBJECT TO POLICE STATION BEDS.

Cold Weather Drives Herds to the City Building—Notes of the Police.

The tramp crop at the police station this morning was larger than usual, there being a party of nine in waiting for the breakfast bell to ring. All were turned out except Frank Wilson and John Williams who, in addition to being drunk, were likewise jagged when they applied for lodging last night. They are genuine hoboes of the star brand and thought they were in the Waldorf-Astoria when they struck the desk clerk.

"Wee want to bunk for de night," said Wilson, and when taken back to the bum room he was much disgusted. "Gee; Youse don't expect a feller to sleep in dere, do youse? Aint yees got any bed? Dat aint no place fer to put a feller; I wants to get de hay. I tink dis rinch is en de bum." They were promptly given private rooms behind the checkerboard and this morning they were fined \$25 each and were given an hour to leave town. Judging from the way they made the snow fly as they headed east on Wayne street it is likely that they covered the distance to the city limits in about four minutes.

There was last evening published a pipe story about an attempted raid on the Log Cabin saloon on Sunday night and an alleged quarrel between Sergeant Harkensitter and Stevens. There was not a word of truth in the story, which reflects discredit on the officers themselves or on the discipline of the department. The facts are simply that Officer Lavanway thought he heard people in the saloon on Sunday night and reported the matter to the police station. Sergeant Harkensitter being out on rounds, Sergeant Stevens was dispatched to the place. On his way he picked up Officer Chevrina; meantime Sergeant Harkensitter had reported through a Calhoun street box and was told of the matter. He said he would go down, and on his way he, too, picked up an officer, and in consequence in a few minutes there were five officers at the corner. They made an examination, found everything quiet and dark and dispersed, and that was all there was to it.

A long distance telephone dispatch from Richmond last night informed the police that a man giving his name as James Reihn, and his home as Fort Wayne, was acting strangely and was supposed to be insane. From his conversation the Richmond officers supposed he lived at 21 Hurd street. The local officers called at the number mentioned but the man was not known there.

Max Hoffman yesterday lost his pocketbook containing \$40 while in the toilet room at the court house. The police last night found an old man rather the worse for liquor, in a snow bank on Spy Run avenue. He wanted to go home and was generously assisted by the officer.

Miss Winnifred Spaulding gave a sleighing party Monday evening in compliment to Mr. H. H. Heiman of Cleveland. After sleighing through the principal streets in the city the party drove to the suburban home of Miss Spaulding where a delicious lunch was in waiting. The dining room was prettily decorated in red shaded candelabras and American Beauty roses. Miss Carrie Millman and M. R. Hood of Louisville won first prizes at cards.

T. E. Mason, of Columbia avenue, pleasantly entertained a party of six friends last evening in celebration of the seventy-second anniversary of his birth. Supper was served at 6 o'clock and in the evening the guests enjoyed cards.

Miss Hanter will give a masquerade this evening.

WINE OF CARDUI

Ten sad years—Now happy
I suffered with womb trouble for ten years and it seemed to get worse every year, with pain in my head and back. My husband read about Wine of Cardui in the Ladies' Health Almanac. I got one bottle of the Wine and a package of Dr. Williams' Pink Pills and used them up and started on another bottle. I expect never to be without it as long as money will buy it. I have gotten better every day and my pains are gone. My husband says I look better and better every day. I am thankful for what your medicine has done for me and want everybody to know it.

The woman who is afflicted with female ill is in bondage. For days or weeks every month she is languishing on a bed of suffering. She thinks she cannot be free from those terrible pains which manacle her. She knows health would mean freedom and happiness. But she fears she will never be a healthy woman again. She sees nothing but suffering ahead. Mrs. Tatum knew nothing else for ten years. Just think of ten years of agony with

within her reach as it is within yours to-day. She might have been cured ten years ago. You can be cured immediately. Mrs. Tatum's experience is only one instance of how many women let their ailments run on indefinitely and unnecessarily. Wine of Cardui is a sure relief for all the ills that torture women to day. It is a quick and permanent relief for falling of the womb, for leucorrhoea, for disordered menstruation. Every sufferer knows that terrible dragging pain in the lower abdomen, the aching back, dull head and aching arms and legs. We know that Wine of Cardui will cure every such trouble. Druggists sell \$1.00 bottles.

TO CURE THE GRIP.

Advice of a Famous Physician.

First and foremost, REST. Take care of yourself. Your already weakened nerves want rest and must have it. If the attack is severe go to bed and remain there. More fatalities result from neglect of this precaution than from any other cause.

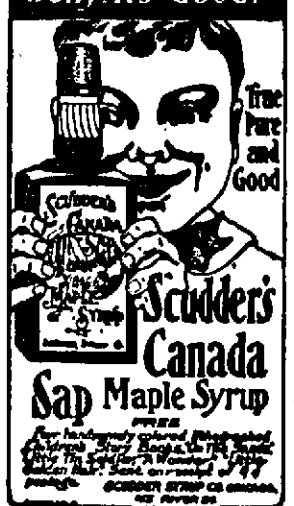

Eat sparingly. Your digestive organs are in no condition to take care of large quantities of food.

Drink plenty of pure, cold water. It allays the fever, stimulates the kidneys to action and opens up the pores of the skin. Keep the bowels open with Dr. Miles' Kenna and Liver Pills.

Take three doses of Dr. Miles' Nerve per day, and if you cannot sleep, take an extra dose at bed time. To further control the fever and to overcome the peculiar aches and pains of grip, use Dr. Miles' Pain Pills. They act quickly and effectively and no bad effects result from their use. These remedies have been thoroughly tested more than a million times and their efficiency is thoroughly established. They never fail to give relief.

Dr. Miles' Remedies can be found at any drug store and they are sold on a positive guarantee that first bottle or package benefits or money refunded.

There were two accidents on the Pittsburgh last evening, the victims being Otto Rose, a fireman, and H. E. Hartman, a brakeman. Mr. Rose was in his cab ready to start out when a chunk of coal, weighing 150 pounds, rolled off the heap in the tender and in its descent struck him back of the right ear. He received a very painful scalp wound, which Dr. Stemen was called upon to dress. Mr. Hartman's injuries consisted of painful bruises and a sprain of one of his knees and was received by a fall while throwing a switch. He was also attended by Dr. Stemen. Mr. Hartman's home is in Warsaw, but at present he is stopping on Fisher street. Mr. Rose resides at 38 Charles street.

BIG WIRING CONTRACT.

COMMISSIONER RESIGNS.

San Diego, Cal., Feb. 12.—It is stated here that former Mayor William H. Carlson, of this city, has resigned the position of government commissioner of railways in Cuba and will return to San Diego to undertake the construction of a railroad from here to Yuma, Ariz. This stretch of railroad has been the hope of San Diego citizens for years, as it will give a direct trans-continental line.

NEW FREIGHT CHANNEL.

San Francisco, Feb. 12.—With the arrival of the steamship Para from South American ports an entirely new branch of freight business has been established for the Southern Pacific railway. The steamer has on board 500 tons of freight, which would have gone in the usual course of routine to the eastern states and Europe via the Panama railroad, but owing to the trouble between that road and the Pacific Mail Steamship company it has been brought here. Freight Traffic Manager Sproule says that all arrangements have been made to handle freight from South American ports. Freight that was consigned to New York will go via Ogden and all European shipments will go via the Sunset route.

evening. Supper was served during the evening. The entire affair was a complete success and will long live in memory. Mr. and Mrs. Stein reside at 57 Winter street.

BUILDING HORSE CARS.

The car builders at the east car shops are at present engaged in building sixty-five horse cars of the special pattern designed last winter. They are equipped with permanent feed racks and seem to be very popular with the shippers. At least the demand for them is much greater than the supply.

A BAD MIX-UP.

One of those very common forms of accident—the breaking of a train and the collision of the parts—occurred about eighty-four miles east of this city on the Nickel Plate, between Fort Seneca and Green Springs, at 2:30 o'clock yesterday afternoon. There was nobody injured, but nearly the entire train was piled into a conglomerate heap, which involved the loss of many thousand dollars and which blocked the road completely for several hours. The train was No. 36, first section, consisting of twenty-two cars loaded with flour. It broke in two at the top of a grade and the rear portion collided with the forward portion on the decline. The scene of the wreck being nearer Bellevue than Fort Wayne, the crew from that city was called to clear the tracks. All trains were delayed by the accident. No. 3, the westbound passenger, not reaching this city until 8 o'clock.

A RAILWAY PROPOSITION.

New York, Feb. 12.—The Herald's correspondent in Salvador reports that Jose Caceres Bonilla, a Costa Rican citizen, has made a proposition to the government of Salvador to build the railroad from the port of L. Union to San Miguel and to extend the road to the capital. He agrees to build twenty-four kilometers annually in return for a subvention of \$2,000,000 silver and the operation of the road for seventy-five years, at the end of which time it will become the property of the government.

E. S. Hedger, Pittsburg engineer, reported for duty this morning. He was taken with cramps last Sunday and was quite sick a few days.

Passenger Engineer W. D. Miller resumed his run on the Nickel Plate last night, after an absence on account of sickness. Engineer O. L.

MOST BEYOND RELIEF.

If It Were Not For Fort Wayne Indorsement People Might be Skeptical.

Fort Wayne people want local proof. That's what we have here. Its not beyond belief because it can be proven.

Read a local citizen's testimony. Mr. William Steller, of 221 West Superior street, says: "I was broken down in health for four years, caused me enough suffering to make any man think life was not worth living. The greatest pain I felt from them was in my head and this in addition to the backache nearly drove me crazy. The kidney secretions were highly colored and other symptoms of disordered kidneys existed. I procured Doan's Kidney Pills at Meyer & Co.'s drug store and they did me a world of good. They were the only remedy that relieved me and at the same time did not leave any harmful after effect."

Doan's Kidney Pills for sale by all druggists, price 50 cents per box. Doan's Ointment is a specific for all itching skin diseases, Piles, Eczema, Chills, Chafing, any irritation and all itches of the skin. Gives instant relief. We mail a free sample box on application. Address: Foster-Milburn Co., Buffalo, N. Y.

Shoaff has also reported for work after an attack of the grip.

Robert Schellhammer, a boiler-maker at the Bass works, went to Muncie this morning to install a number of large steel tanks in a pulp mill.

The large telegraph pole at the corner of Calhoun and Railroad streets, which was knocked down by a derailed car last Sunday, was replaced today.

Brakeman and Mrs. Weisenberger are now comfortably settled in their new home at No. 95 Walton avenue. Mr. Weisenberger is employed on the Pittsburgh road.

Robert Forks, who has charge of the furnace room in the heating plant at the east shops, reported for work this morning, after an absence on account of sickness.

Pittsburg Firemen J. Wagner, F. E. Wilmore, E. Hamilton, E. H. Ashton and C. H. Moore and Shopmen H. J. Meyers, E. Dehne and E. R. Stanbury are sick and off duty.

Charles F. Lyons, day clerk at the Nickel Plate yards, is quite sick with the grip. His duties are looked after by the other clerks, who are "doubling" for that purpose.

J. O. McClellan is much improved and will be able to take his run out on the Pittsburgh in a few days. The engineer was taken suddenly and violently ill several days ago.

Frank B. Hale has been appointed trainmaster of the Illinois, Indiana and Iowa. Mr. Hale was formerly city passenger and ticket agent of the Vandalia line at Terre Haute.

General Passenger Agent C. S. Dams, of the Wabash, was the guest of Col. R. S. Thompson for a few hours this morning. Mr. Dams left over the Pittsburgh for Chicago at 10 o'clock.

Charles S. Mellen, president of the Northern Pacific Railway company in his private car, passed through the city this morning, on Pennsylvania train No. 21, enroute to his home in St. Paul.

Conductor Holly and Brakeman E. Todd, who had been off duty a few days, returned to work on the Nickel Plate yesterday. Conductor C. LaPoint and Brakeman A. W. Seeley are now taking a rest.

H. Rathert, the Pittsburgh shopman who had an arm so badly hurt several months ago that amputation was necessary, is out and called to see his shopmates yesterday for the first time since the accident.

A son arrived at the home of Mr. and Mrs. Adolph Wichman yesterday, bringing lots of happiness to the proud parents. Mr. Wichman is a machinist at the Western Gas Construction company's works.

Charles Fry, a clerk in the Pittsburgh freight office, has been granted a month's leave of absence to investigate an offer to enter business for himself. If he finds the offer a good thing he will resign his position with Agent Kirkland.

Grotholmann & Co., house builders, have been awarded the contract to build the double flats at the corner of Lafayette and Berry streets for Mr. Hattersley. The plans of the building were described in a previous issue of The Sentinel.

The Pittsburgh round house, which has been running short handed for a week, is now in better shape. Several of the men who were sick, including Barney Osworth, Thomas Tensgard, C. O. Bensburg and Carl Balingier, reported for work this morning.

Train 12, on the Erie, is coming to be known as the funeral train, so many hundred bodies of soldiers who died of disease or were killed in the Philippines are being shipped over it. Wells, Fargo & Co., who have the contract for carrying the remains east, are operating over the Erie. Seldom is there a night. It is stated,

that there are not a number of bodies carried east on train 12.

Sunday the Alabama and Florida road, the new branch of the Louisville and Nashville, was placed in operation. It extends from Montgomery to Geneva, a distance of 138 miles.

Frank Cole, a caller of Pennsylvania train crews, has been transferred from the yard office to the trainmaster's office in the same capacity. John Hayes took the vacated position at the yards.

T. P. O'Connell, a Pittsburgh trainman, is rejoicing over two very important events in his life, not the least of which is the presentation of a daughter yesterday. The other event was the notice yesterday of his promotion from brakeman to conductor.

Robert E. Quick, formerly in the local freight office of the Chicago and Rock Island at Kansas City, has been appointed chief clerk of the Merchants' Dispatch at that point, vice P. H. Kennedy, who was shot and killed by his wife a few weeks ago.

The New York Central will this year add 130 new engines to its power, instead of eighty, as first proposed. The passenger engines weigh 178,000 pounds and will cost \$10,000 each. The Central is also having seventy-five new coaches built, all to be delivered by May 1.

The coming summer is likely to be noted for its immense travel, so many are the attractions and inducements for such a condition. Besides the Pan-American exposition at Buffalo and the Grand Army of the Republic at Cleveland, the Knights Templar will hold a convocation at Louisville and there will be a national educational meeting at Detroit. Some thirty or more other meetings of less importance are already arranged to be held in Central Traffic association territory.

Indianapolis Journal: "It may not be known, but one of the longest lines of the United States extending directly north and south is the Grand Rapids and Indiana, which is controlled by the Pennsylvania company. The main line extends from Cincinnati to Mackinaw City, a distance of 534 miles, with branches aggregating 160 miles, and an official of the Pennsylvania company says it is the intention to bring the entire line, which is a line from Mackinaw to Richmond, Ind., up to the highest standard in every respect."

DR. STULTS CRITICALLY ILL.

Dr. C. E. Stults, of Wells street, is in a most critical condition, the state of his health being such as to cause grave anxiety to his friends. Dr. Stults is afflicted with tuberculosis of the throat as well as of the lungs, and the former has rendered him incapable of speech. Dr. Stults spent some months in Denver last year in the hope of benefiting his health, but apparently the disease had made such inroads on his system that the trip did nothing more than afford a temporary relief. He had also planned to go south this winter with the intention of locating there permanently, but owing to the failure of his health the trip had to be abandoned. His relatives have been summoned to his bedside, his father and mother, who reside in Huntington, having been here several weeks. Dr. Joseph T. Stults, of West Fourth street, is a brother.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive remedy known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. SILKWORKERS' STRIKE.

Scranton, Pa., Feb. 12.—The strike of the 4,000 silkworkers in Scranton has resolved itself into a lockout. The mill owners and managers today declared they will not reopen their mills until the girls are willing to resume at the figures which were offered nearly two weeks ago and in which there was a concession of 25 cents a week to each employee. The strikers are determined to stay out until their demands shall be granted.

"Oh! Dear I'm so Tired."

The ordinary every-day life of most of our women is a ceaseless treadmill of work.

How much harder the daily tasks become when some derangement of the female organs makes every movement painful and keeps the nervous system all unstrung!

One day she is wretched and utterly miserable; in a day or two she is better and laughs at her fears, thinking there is nothing much the matter after all; but before night the deadly backache reappears, the limbs tremble, the lips twitch—it seems as though all the imps of Satan were clutching her vitals; she goes to pieces and is flat on her back.

No woman ought to arrive at this terrible state of misery, because these symptoms are a sure forerunner of womb troubles. She must remember that Lydia E. Pinkham's Vegetable Compound is almost an infallible cure for all female ills, such as irregularity of periods, which cause weak stomach, sick headache, etc., displacements and inflammation of the womb, or any of the multitudes of illnesses which beset the female organism.

Mrs. Gooden wrote to Mrs. Pinkham when she was in great trouble. Her letter tells the result.

"DEAR MRS. PINKHAM:—I am very grateful to you for your kindness and the interest you have taken in me, and truly believe that your medicines and advice are worth more to a woman than all the doctors in the world. My troubles began with inflammation and hemorrhage from the kidneys, then inflammation, congestion and falling of the womb, and inflammation of the ovaries. I underwent local treatment every day for some time; then, after nearly two months, the doctor gave me permission to go back to work. I went back, but in less than a week was compelled to give up and go to bed. On breaking down the second time, I decided to let doctors and medicines alone and try your remedies. Before the first bottle was gone I felt the effects of it. Three bottles of Lydia E. Pinkham's Vegetable Compound and a package of Sanative Wash did me more good than all the doctors' treatments and medicines. I have gained twelve pounds during the last two months and am better in every way. Thanking you for your kind advice and attention, I remain, Yours gratefully,"

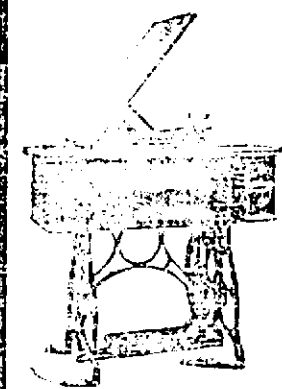

"MRS. E. J. GOODEN, Ackley, Iowa."

\$5000 REWARD

On account of the fact that some skeptical people have from time to time questioned the genuineness of the testimonials, we have been constantly publishing, we have deposited with the National City Bank of New York, \$5,000, which will be paid to any person who will show that the above testimonial is not genuine, or was published before obtaining the writer's special permission.—LYDIA E. PINKHAM MEDICINE CO.

No One Questions The Fact

The Standard Rotary Shuttle Sewing Machine is superior to all others because it sews faster, runs lighter, sews with SINGLE or DOUBLE thread and is the only drop head machine made with a vertical lift. The superiority of the Standard Machine is acknowledged by all.

RURODE'S.

A WHITE SALE. EVERYTHING IN WHITE.

The weather has nothing to do with the fitness of some things. This is the month when every woman provides herself with dainty undermuslins, white goods and embroideries, and prepares herself and children for the summer season.

There Are Points About Ladies' Muslin Underwear

That should not be overlooked. The sizes should be right. They should be made right, in cleanly and sanitary factories. Such garments need not be high priced. We sell good ones for little prices.

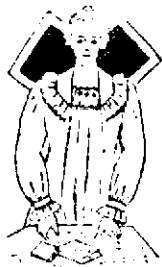

Just a Word About Our Underwear Makers.

The name of STERN has for years stood at the top for quality and style. Every manufacturer strives to make underwear as good as STERNS, few succeed.

Our GALLAND underwear is made, not in a crowded city factory, but in the country under the most healthful sanitary conditions. Both these makers show their goods only here.

Night Gowns.

An endless variety in cambric and muslin, handsomely trimmed with laces and embroidery, priced from .50C TO \$8.00 EACH.
